BABY'S FACE

LOOKED LIKE RAW MEAT.

Our baby's face and neck was all raw meat, and something awful to look at. The way that child suffered, mother and child never had any rest day or night as it constantly itched, and the blood used to flow down her cheeks. We had doctors and the dispensary with no result. By using CUTICURA RESOLVENT, CUTICURA (ointment), and CUTICURA SOAP, the *child was entirely healed.*

MRS. GARNJOBST, 213 Nassau Ave., Brooklyn.

MOTHERS, to know that a warm bath with CUTICURA SOAP, and a single anointing with CUTICURA, will afford instant relief in the most distressing of itching, burning, and scaly eczematous humors of the skin and scalp, with loss of hair, is almost beyond belief. Sold throughout the world. Potter Drug & Chem. Corp., Props., Boston. "How to Cure Baby Humors," free.

HE IS DEAD AGAIN.

Emperor of China Said to Have Been Murdered.

Poor Kwang Su is Stripped to the Soul.

Was Made Away With on the Sabbath Day.

Such is the Report Current Among the Influential Chinese in City of Shanghai.

SHANGHAI, Oct. 24.—It is reported here today among the influential Chinese, that the emperor of China, Kwang Su, was "made away with" yesterday.

FOUND DEAD IN BED.

Captain Tom Carter Killed by Heart Disease.

Death Occurred in Louisville—Was a Secret Service Bureau Chief and Well Known in Fort Wayne.

LOUISVILLE, Ky., Oct. 24.—Capt. Thomas B. Carter, chief of the secret service bureau for Kentucky, Indiana and Tennessee, was found dead in his room in Selbach's hotel this morning. Coroner McCullough rendered a verdict of heart disease. Captain Carter was appointed several months ago to the vacancy caused by the sudden death of Capt. Michael Bauer and was one of the best known secret service men in the country.

Captain Carter intended joining his son in Indianapolis today and when called to take the train was found dead in bed.

The coroner's verdict was that he died of heart disease about midnight and without pain.

ONLY FIVE SICK.

List of Convalescent Soldiers is Increasing.

A Number of the Boys Leave for Indianapolis This Morning to Join Their Comrades.

The number of sick soldiers of the One Hundred and Fifty-seventh and Twenty-eighth has dwindled down to five, viz.: Fred Willson, William Sams, Harry Donivan. Fred Ehrman and Lee Wheeler, who are still at their respective homes in this city. The other members who had been on the sick list have recovered and this morning they returned to Camp Mount. Following is the list: Ed. Kolb, William Seymour, Henry Engle, John Ryan, J. P. Karrigan, J. E. Kasten, George Robel, Paul J. Zimmerman, H. A. Zollinger, Jesse Birely, James Morris, Clyde Driesbach, Charles Joquel, Fred Scherbondy and H. S. Banks.

ORDERS FOR MUSTERING OUT.

Word was received today from Indianapolis that Colonely May has issued orders for the mustering out of the Fort Wayne battery next Wednesday, the 26th, and for the mustering out of the One Hundred and Fifty-seventh regiment one week from today. It is certain that the boys will be discharged on the days mentioned.

Twenty of the candidates for re-examination from the One Hundred and Fifty-seventh were inspected. In the majority of cases satisfactory conclusions were reached. Colonel May is pushing the company's officers on the muster rolls in order that they will be ready in time.

There were six patients discharged from the hospital yesterday and three new ones received. The total number confined there is forty-three. None of the men are in danger, although there are several cases of typhoid that are considered serious. The doctors say it is remarkable that no ailments were contracted during the siege of bad weather just passed.

IS NOT A TRUST.

Supreme Court Decides in the Kansas City Live Stock Exchange Case.

WASHINGTON, Oct. 24.—Justice Peckham today announced the supreme court's opinion in cases against the Kansas City live stock exchange operating at Kansas City and western Missouri. The government prosecuted under the anti-trust law. The supreme court holds that the association does not come under the anti-trust law.

Justice Harlan in a dissenting opinion declared that such combinations were rings or syndicates which if extended to oil, sugar, salt, lumber and other staples would place the commerce of the country under the control of a few rings and syndicates.

SORE ON SLOAN.

The Little American Jockey Losing His Popularity in England.

LONDON, Oct. 24.—The newspapers which have hitherto been almost unanimous in their praise of Tod Sloan, the American jockey, today announce his imputation of unfairness upon the part of the Sandown park judges. The Sun says:

"The best that can be wished for Sloan is that he will promptly carry out his expressed intention to betake himself with his followers out of the country. He has already received more grace than would have been extended to other jockeys."

Continuing, the Sun recommends the withdrawal of his lines and calls Lord Beresford's attention to the fact that, in its opinion, Sloan is unworthy to ride the Prince of Wales' horse in the race for the Cambridgeshire stakes.

PREPARING BALLOTS

Election Commissioners Arranged the Tickets Today.

Several Townships Failed to Certify Candidates for Offices—Too Many in Jefferson and Maumee.

County Clerk H. M. Metzgar, Hon. R. C. Bell and Wilmer Leonard, election commissioners, met today and prepared the ticket to be voted at the coming November election. The law provides that all tickets must be certified to the commissioners at least fifteen days before election and the election commissioners must then prepare the tickets for printing. In some townships no candidates were nominated for justice of the peace and constable and in others only one ticket was nominated, while in Jefferson and Maumee it is claimed too many candidates were nominated.

The law allows the commissioners to fix the number of justices and constables in each township and especially provides that no more than three for the township and one for each incorporated town shall be appointed. The commissioners have fixed on one justice in Jefferson and Maumee townships, and since their action Maples, in Jefferson, and Shirley City, in Maumee, have been incorporated. When the conventions were held an additional justice of the peace and constable were nominated in each, and the legal question arises whether all the names can be allowed on the tickets.

No certificates of nomination of township officers was filed by either democrats or republicans in Perry, Milan, Pleasant, St. Joe, Lake and Washington townships. The republicans were the only party to certify a ticket in Aboite township and the democrats only certified tickets in Madison, Marion, Lafayette, Jefferson and Cedar Creek.

This morning Wilmer Leonard presented the certificate for the Perry township republicans, but it will not be printed on the official ballot.

County Clerk H. M. Metzgar will go to Indianapolis this week after the state ballots.

MINERS MORE BUOYANT.

Pana Strikers Believe Matters Are Taking a Favorable Turn.

PANA, Ill., Oct. 24.—The union miners claim to feel more buoyant today than at any time since the strike was inaugurated One reason is that notices have been posted up in and around the mines stating that "No insurance would be paid." Pit Boss Franklin resigned today, claiming that he could not risk his life with the careless negro miners.

Henry Stephens, the negro who led the riot of three weeks ago has left for Alabama stating that he had enough of Pana.

Other negroes accompanied him. The militia, it is stated, will leave this week, troop B returning to Bloomington tomorrow.

The negro miners have secured a preacher and organized a church. A negro school will also be opened with a negro instructor from Alabama.

SAILORS KIDNAPPED.

A Mysterious Abduction Made by Armed Men at Seattle.

SEATTLE, Wash., Oct. 24.—The bark Highland Light, which has been loading coal at the Smith Cove bunkers, did not sail Sunday for San Francisco, owing to an unforeseen occurrence.

According to the story the captain told today, two boats loaded with men came out to the Highland Light and boarded her.

They were armed with pistols and took five sailors away by force. The captain would not give any intimation of his opinion as to the cause of the alleged kidnapping.

A WARRIOR WEDS.

Gen. Wesley Merritt is Married This Afternoon in London.

LONDON, Oct. 24.—General Merritt and Miss Williams were married at 6 o'clock this evening in the bride's apartments at the Savoy hotel.

It had been planned to have the ceremony take place in St. Andrews church, Westminster, but an illness which Miss Williams contracted during the voyage necessitated the simplest possible ceremony and the avoidance of exertion and excitement. Consequently only a few intimate friends were present.

There were Mrs. Normam Williams, jr., brother of the bride; Lord and Lady Arthur Butler, and Henry White, the United States charge d'affaires.

STOLE THE DOG.

A Young Man Attempts to Make Away With Barnett's Bird Dog.

Officer Knock this morning recovered Dr. Barnett's valuable hunting dog. It had been taken by a young fellow who boxed it up preparatory to shipping it away. The officer saw the dog and stopped shipment. Superintendent Gorsline gave the young fellow a lecture and released him until Dr. Barnett returns home.

The Crew Rescued.

HALIFAX, N. S., Oct. 24.—The crew of the brigantine Irma, which went ashore on Three Cap shoals, entrance to Halifax harbor, Saturday night, was rescued today.

A REPLY IS GIVEN.

The American Answer to Spain's Amended Proposals.

Understood To be in the Nature of a Compromise.

Washington Expects It To be an Ultimatum.

The President is Satisfied That Spain is Purposely Delaying Negotiations—Delay Cannot be Tolerated.

PARIS, Oct. 24.—The American peace commissioners were in session today from 10 a. m. to almost 2 p. m., when they repaired to the joint session.

They took with them a carefully prepared written answer to the amended proposals of the Spaniards regarding Cuba. It is understood that the American reply is, to a certain degree, in the nature of a compromise proposal.

WILL DEMAND PHILIPPINES.

LONDON, Oct. 24.—A dispatch to the Exchange Telegraph company from Paris says the American peace commissioners at Friday's joint meeting will definitely insist upon the annexation of the Philippine islands to the United States.

ULTIMATUM LOOKED FOR.

WASHINGTON, Oct. 24.—It is expected that at today's meeting of the peace commission in Paris the American commissioners will deliver to their adversaries something very closely approaching an ultimatum

The president is satisfied at last that the Spanish commissioners are purposely delaying the negotiations. This is the belief of the American commission also. The time has now come to cut off all false pleas and come directly to the main issue left open by the protocol, namely, the disposition of the Philippines.

Up to this point the entire time of the commissioners has been consumed in repeated efforts on the part of the Spanish commissioners to force the Cuban debt question upon the attention of the joint commission against the firm opposition of the American commissioners.

The latter have stated as positively as they could that under no circumstances will they assume sovereignty over Cuba, involving an assumption of the Cuban debt, and the time has now come when in the opinion of the American commissioners, the Spaniards must be made to understand that this answer is final and conclusive.

So far the American commissioners, while preserving a firm attitude, have treated the Spaniards with the utmost courtesy and consideration, allowing frequent postponements on the work of the joint commission to accommodate the Spaniards, but now, probably at today's meeting, without departing from their courteous treatment of the Spaniards, the American commissioners will find it incumbent upon them to speak very plainly as to the determination of the United States government to regard this matter of the Cuban debt and Cuban sovereignty as passed over and beyond recall.

HURRIED CABINET SESSION.

MADRID, Oct. 24—A cabinet council was unexpectedly assembled last night to consider the question of the repatriation of the troops and matters connected with the peace commission.

It is believed that Lieutenant General Correa, the war minister, has resigned. Premier Sagasta does not deny the report of the resignation, but says the matter has not been submitted to the council.

WITH SICKLE KEEN.

Death Hath All Seasons for His Harvest.

Passing Away of George A. Litot at an Advanced Age—Michael Maloney, Veteran Railroad Man, Dead.

George A. Litot, aged seventy years, died last evening at the corner of Spy Run avenue and Randolph street, after an illness of two weeks, from kidney and bowel trouble. He was a native of France, and came to this country in January, 1848. He had lived here since that time continuously, and for many years was head miller at the old Rudisill mill on Spy Run avenue. He was a member of the Cathedral congregation, and a most devoted Christian. He was for many years prominent in the religious work of the church, and at the time of his death was the only surviving charter member of the St. Joseph's Catholic Benevolent society. He was a member of the sodality of the Cathedral for forty years. He was also a member of the St. Vincent de Paul society, and took a great interest in charitable work. A widow and nine children survive him. The children are Joseph V., deputy county auditor, and George J., Mary M., and Josephine, of this city; F. E. J., of Pittsburg; Louis, of Cleveland; John B., of Rock Island, Ill.; Peter J., of Pittsburg, and Edward J., of this city. The funeral will take place Wednesday morning at 9 o'clock from the Cathedral.

MALONEY.

Michael Maloney, an old employe of the Pennsylvania company, died at the St. Joseph hospital last Saturday evening of inflammation of the bladder.

Mr. Maloney was born in Limerick, Ireland, and was sixty-five years old. He came to this country when a young man, and had been employed by the Pittsburg company for about forty-five years. He had, in fact, grown old in the service. From the time he took employment with the company until the time of the Chicago fire he worked in that city, coming to Fort Wayne in 1871. For several years past he has been stationed as watchman at the machine shop gate, at the foot of Railroad street, and has stood there, a monitor to the trespasser and an accommodating servant of the company and its employes. The family of Mr. Maloney lives at the corner of Grant and Thomas streets, and consists of a wife and four children, three daughters and one son. Another son, Tommy Maloney, was drowned in St. Mary's river, near the foot of Hanna street, early last March. The deceased was a member of St. Patrick's Catholic congregation, and also affiliated with Division No. 1, A. O. H. and St. Julian council, C. B. L. These orders have looked after the comfort of the deceased during his last illness, which was short. Funeral services will be held Tuesday morning at 8:30 o'clock from the residence and at 9 o'clock at St. Patrick's Catholic church. The services will be attended by the Catholic societies of which the deceased was a member.

GREER.

The remains of Mrs. Caroline Greer were brought to the city from Dayton, Ohio, last Saturday, and interred in the Catholic cemetery. The deceased was a sister of Frank Veith, of the firm of Schone & Veith. The Dayton Journal, in its mention of the lady's death, says: "A large circle of warm friends regretted to hear of the death of Mrs. Caroline Greer, wife of Joseph Greer, which took place yesterday morning at the home of Mrs. Katharine Greer, of 121 Bonner street. The deceased had been ill for some time and the circumstances leading to the close of her life were extremely sad. She was of a beautiful character and a devout Christian, being a member of Holy Trinity church. Her devoted husband has the sympathy of friends in his severe affliction."

WEBSTER.

Mrs. Agnes Webster, whose serious illness was chronicled by THE SENTINEL last week, died Saturday and was buried this afternoon at Warsaw. She was the mother of Eugene B. Gordon, of East Washington street, with whom she frequently visited. Concerning her the Warsaw Daily Times says: "Mrs. Webster was a woman widely known among the pioneers of this county. Her maiden name was Agnes Ervin—a sister of the late William and James Ervin, also well known to the first settlers of the county. She was in the seventy-ninth year of her age and was a woman who all through life has been highly esteemed by a host of relatives and a large circle of warm hearted friends."

THE WEEK'S DEATHS.

The following is a list of the deaths reported by the undertakers of the city for the week ending October 22:

Joseph Hartman, sixty-four years, Bright's disease.

Lucy Rocht, fifteen years, heart trouble.

Caroline Greer, thirty-eight years, paralysis.

Clinton Shoaff, fourteen days, hemorrhage.

Ruth H. Brill, three years, marasmus.

Samuel Whiteman, sixty-eight years, dropsy.

Samuel Trusler, eighty-one years, old age.

Twin children of Hensen, one day, exhaustion.

John Solon, seventy-eight years, old age.

William McCarthy, sixteen years, inflammation of the bowels.

Catherine M. Dreibelbiss, forty-six years, paralysis.

Adolf Bignon, sixty-nine years, fatty degeneration of the heart.

BIG FACTORY CLOSED.

Result of the Collapse of a Bank at Lisbon, Ohio.

COLUMBUS, Ohio, Oct. 24.—A special to the dispatch from Lisbon, Ohio, says: As a result of the collapse of the First National bank, Alpheus Arter, one of the heaviest depositors, closed his harnessmaking establishment today. About 100 persons are thrown out of employment. There has been no further developments in the bank's affairs. It is thought the total loss will reach about $150,000. Nothing has been heard of Childs, the missing cashier.

M'INTYRE MUST GO.

The President Approves the Finding of the Court Martial.

WASHINGTON, Oct. 24.—The president has approved the sentence of the court martial dismissing from the naval service Chaplain McIntyre of the Oregon, for remarks made on a lecture at Denver reflecting on Admiral Sampson and others.

Stabbed by Unknown Private.

SAN FRANCISCO, Oct. 24.—Richard Chetwood, of Company I, First Tennessee, was stabbed in the back this morning while in a saloon. Chetwood was on the provost guard and was trying to arrest an unknown Tennessee private when the latter stabbed him with a bayonet. Chetwood's condition is serious.

NEGROES ARRESTED.

Five of Them Made Prisoners at Forest, Miss.

Sheriff Has a Desperate Fight With a Mob of Whites to Protect His Prisoners—Another Fight Expected.

JACKSON, Miss., Oct. 24.—A special from Forest, Miss., says:

Five negroes concerned in the riot which occurred Saturday night and Sunday, resulting in the killing of one white man and ten negroes, have been arrested at Harpersville. They are being brought here and will be tried immediately upon arrival.

The excitement here continues and the streets are thronged with men who have been arriving since last night.

A FIGHT WITH A MOB.

FOREST, Miss., Oct. 24.—The negro rioters from Harpersville were landed in jail here at noon. Sheriff Stephenson and his posse had a fight with a mob of whites, who made a desperate attempt to lynch the negro prisoners soon after the party left Harpersville.

The sheriff and his aides formed a circle about the negroes, and with drawn revolvers forced their way through the mob.

The negroes who escaped into the swamp are being hotly pursued by a large crowd of white men, and news of another battle is momentarily expected.

Governor McLauren returned to Brandon at noon, after making a speech to the whites here, urging them not to molest the negroes now in jail.

ARGUED WITH WARMTH.

Episcopal House of Deputies Demand Control of Organization.

WASHINGTON, D. C., Oct. 24.—The bishops and deputies gave most of their time today to reconciling differences between them on the revised constitution, in anticipation of final adjournment tomorrow.

It disclosed much tenacity on the part of the deputies to direct the affairs of their own house without the control of the bishops.

The question came up on a conference report on article 10, which recommends that the view of bishops on the manner of choosing members of the house of deputies, and on giving missionary deputies the right to vote, be accepted. The report was warmly opposed. Francis Linde Stetson, of New York, argued that this was a proposition to surrender to the bishops the constitutional direction of the house of deputies. Rev. Dr. McKim, of Washington, also argued that the deputies should control the organization of their own house.

POLICE NEWS.

A Suspicious Train-Jumper Sent to Jail for Twenty Days—Notes.

There were two prisoners in police court this morning. George Harris, a train-jumper, arrested by Detective Harris, carried a valuable gold watch with a name on it other than his own, and the mayor thought best to hold him for investigation and therefore sent him to jail for twenty days.

William Nicholas, a tough looking tramp, arrested by Detective Dinger, was sent to jail for fifteen days.

NOTES.

A thief broke into an ice box at the home of Mr. Harris on West Main street, and stole some of the contents.

A wheel was stolen from the sidewalk in front of the Western Union Sunday evening. It was a Smalley.

Melvin Lennart jumped from the limited near the south depot Saturday night and was badly bruised and cut. He had no money and wanted to go to his home in Convoy and Trustee Schmetzer furnished him transportation.

IS NOT A FUGITIVE.

Important Decision Rendered in the Case of Mrs. Botkin.

SAN FRANCISCO, Oct. 24.—The superior court, five judges sitting en banc, has decided that Mrs. Botkin, accused of murder of Mrs. John P. Dunning and her sister, Mrs. Joshua Deane, of Dover, Del., is not a fugitive from the justice of the state of Delaware.

The court holds that the flight from justice must be actual, not constructive. Mrs. Botkin was remanded to the custody of Chief of Police Lees, but date and place of her trial will be set later. The decision was unanimous.

Body Awaits Identification.

ST. LOUIS, Mo., Oct. 24.—At the morgue, with no one to claim him, lies the body of a man supposed to be either Henry Wilson, of Washington, D. C., or Henry Ludeman, of South Bethlehem, Pa. The man's identity is not positively known. He slept at the Salvation Army shelter house last night. Nothing was found on his person but a bit of paper with these two names written on it.

The Culver foot ball eleven defeated the Fort Wayne High school eleven last Saturday at Culver by a score of 35 to 0. The Culver boys had much practice and the high school players could not withstand the vicious onslaught of their heavier opponents. Bond, of this city, was referee.

TO MASS AT TOULON

The French Military and Naval Rendezvous.

City To be Center of Important War Preparations.

Schools Dismissed to Provide Quarters for Troops.

Paris Newspapers Warmly Praise the Exposition of the French Side of the Fashoda Question.

PARIS, Oct. 24.—The municipal authorities of Toulon have been notified that that place will be the center of important naval and military preparations and have been instructed to arrange for the immediate reception of four batallions of infantry, 1,500 marines and 600 artillerymen.

The municipal council has decided to close the schools, and the school houses will be used for lodging the troops.

The naval authorities have been ordered to expedite the preparations for the outfitting of the new squadron.

PRAISED BY NEWSPAPERS.

The newspapers here today warmly praise the exposition of the French side of the Fashoda question presented by the minister of foreign affairs, M. Delcasse, in the yellow book on the subject issued yesterday.

The Figaro says:

"If the British government rejects France's moderate and just proposals, it can only be because the government of Great Britain desires before everything else the humiliation of France."

The general tone of the French press comments is reflected by the Eclair, which remarks:

"An agreement regarding Fashoda can be arrived at, provided Great Britain does not persist in asking for the immediate recall of Major Marchand. But as to an outlet on the Nile, we have an absolute right thereto and will brook no refusal."

WAR WOULD BE MADNESS.

The Siecle, after urging peace, says:

"France would hardly come off better in war with England than did Spain in the war with the United States. France would be better employed in developing her colonies than in thwarting England."

The Autorine declares that France ought never to have gone to Fashoda, adding:

"It was a stupid mistake, and now England calls on us to get out. Well, it is no use talking; we shall have to get out. Otherwise there will be war, which would be madness."

WANT SALISBURY TO EXPLAIN.

LONDON, Oct. 24.—The afternoon newspapers here today discuss the report of the French ambassador, Baron De Courcel, on the subject of the conversation he had with the marquis of Salisbury, regarding the proposed French outlet on the Nile, as being the leading feature of the yellow book on the Fashoda question issued yesterday by the French government.

The conservative organs scout the idea of the marquis of Salisbury entertaining the surrender of the Baher-El-Ghazal valley to the French, and the Pall Mall Gazette and the Globe suggest that the ambassador misunderstood the premier, and call on the latter to make some explanation.

The liberal and radical papers are not displeased at the prospect of a compromise being arrived at, and they believe that, provided Major Marchand is recalled, the dispute is susceptible to an arrangement by which France will receive some satisfaction in the Baher-El-Ghazal district.

SIGNIFICANT ORDERS.

The British admiralty issued a number of significant orders this morning. The dock yards at Portsmouth, Devanport and Chatham has each received instructions to prepare six thirty knot torpedo boat destroyers for commissioning so that they will be able to put to sea in twenty-four hours. Over time hours have begun on the first-class cruisers Europa and Andromeda so as to push them for sea service. Several gunboats in the different dock yards have been ordered to postpone unnecessary refitting. Finally the Cunard line and White Star line have received from the admiralty an intimation to hold their subsidized steamers in readiness for turning over to the navy officials.

The Palas, Tabot and Infatigiable will come here at once, together with two corpedo boat destroyers now at Bermuda. The torpedo boats at the dock are being overhauled. The crew of the flagship Renown will be sent to Lawler's Island this week for field practice. The Renown went to sea this morning for heavy gun practice.

MOBILIZE AT HALIFAX.

HALIFAX, N. S., Oct. 24.—The commanders of all warships of the British North American squadron have received orders to mobilize at Halifax.

HOPEFUL BUT ANXIOUS.

LONDON, Oct. 24.—The London and Paris stock exchanges today opened steady and with little doing. Operators, however, are viewing the situation hopefully, combined with anxiety.

There was no endeavor to press sales and the tendency of prices was to be firm, though the dearness of money depressed business.

A RUMOR DENIED.

LONDON, Oct. 24.—There is no foundation for the report that the British admiralty has ordered the Cunard and White Star lines to have their subsidized vessels in readiness to be handed over to the admiralty officials.

WIFE MUCH ABUSED.

Mrs. Anna Pieper Wants a Divorce from Her Husband.

Alleges That He Threatened to Kill Her Last July—Harry F. Guinn on Trial—Notes.

Through her attorney, John H. Aiken, Mrs. Anna Pieper this morning commenced suit for divorce against Frederick Pieper. The couple were married July 13, 1882, and are the parents of three children, Henry, aged twelve; Walter, aged eight, and Frederick, aged six. Mrs. Pieper alleges that during her married life the husband refused to provide for her and was cruel and inhuman in his treatment of her. She alleges that for two years he has been a habitual drunkard. They lived together until July 5, 1898, on which date the husband threatened to kill her with a chair and it was necessary to call in an officer and have him taken into custody. For some time she has been compelled to support herself. She prays for divorce and custody of the children and asks the court to compell the husband to pay a monthly stipend for the support of the children.

FOR WIFE DESERTION.

In Justice France's court this afternoon the case of the state ex rel Edith Belle Guinn vs. Harry F. Guinn is on trial. The wife alleges that on June 21 she was married to the defendant and on December 30 a child was born to them. On March 3, the complaint says, the husband deserted the wife and child and has since failed to provide for them, wherefore she prays for $1,000. A case for alieniation of wife's affections, in which the same parties were principals, was dismissed in the superior court a few days ago.

ARRESTED FOR LARCENY.

Sheriff Melching went to New Haven this morning and arrested Louis Walschmidt, a young man who is suspected of stealing a tent from the Sunflower club, a shot gun and other property which is missing. He will have a hearing this afternoon.

NOTES.

After hearing the evidence in the case against Dr. W. R. Mayo Saturday, Deputy Thomas moved for dismissal and Justice France discharged the doctor.

Judge John Morris has resigned as bankruptcy referee and ex-Judge A. A. Chapin will succeed him. The remuneration was not enough to justify Judge Morris in devoting his time to the cases which came up for settlement.

Michael Bricker will have a hearing in the United States court next Wednesday.

MARRIAGE LICENSES.

Trace W. Bauer and Jessamine E. Mong.

Henry C. Warner and Florence G. Funk.

SMUGGLED WHISKY

Into Perry G. Waite, but the Rapist Did Not Get Any of It.

Two young fellows called at the jail Saturday evening to see Perry G. Waite. They had liquor with them and attempted to smuggle it into the prisoner, but were frustrated by Turnkey Gladieux. Affidavits were sworn out against them, but when Sheriff Melching talked with them the boys begged so pitifully that the sheriff released them. They were sons of respectable families.

A Kentucky Terror Killed.

MIDDLESBORO, Ky., Oct. 24.—"Wild Bill" Turner, a most noted character in the mountains, was shot and killed by Will Coombs last night. Turner kept a moonshine saloon on the state line between Kentucky and Tennessee and had made a fortune. He had killed several men. He is the sixth brother killed and is the last of the family.

Lieutenant Hobson Reaches Boston.

BOSTON, Mass., Oct 24 —The Boston fruit company's steamer, Beverly arrived at her dock here at 7 o'clock this morning, twenty-four hours late, having on board Naval Constructor Richard P. Hobson, who is enroute to Philadelphia to participate in the peace jubilee.

The condition of Mrs. J. R. Shafer and daughter Myrtle, who have been ill with typhoid fever, is much improved and it is believed they are now in a fair way to recover.

Revival service begin at Wayne street Methodist Episcopal church this evening at 7:30 promptly. Rev, Paul E. Gilbert, the first tenor of the Indiana quartet, will conduct the signing. A new book will be introduced. Rev. W. W. Mountain of Terre Haute, a preacher honored of the Holy Spirit, is expected to assist in the services. Pastor wants to see every member and friends present.

THE DONS HAVE GONE

Evacuation of Porto Rico is Now Complete.

Last of the Spanish Soldiers Have Sailed.

Admiral Schley Makes Official Report of It.

American Commissioners Have Promoted a Friendly Feeling in the Island—News from Santiago.

WASHINGTON, Oct. 24.—The navy department today received the following:

"San Juan, Oct. 23—Secretary Navy: Evacuation Porto Rico completed by sailing of last detachment of Spanish troops today.

"SCHLEY."

CABINET TAKES OATH.

SAN JUAN DE PORTO RICO, Oct. 24.—The members of the insular cabinet took the oath of allegiance to the United States yesterday with befitting solemnity. They will issue a manifesto announcing their desire to abstain from partisan policy and party strife.

About $12,000 have been collected as customs duties since October 18th, the day the United States formally took possession of Porto Rico.

General Ortega embarked yesterday on board the Spanish steamer Montevideo and was saluted from the shore. He made a speech declaring that the island had been surrendered by order from Madrid, adding that he would never have done so without such an order. The general sailed today and was saluted by the United States cruiser Newark.

Rear Admiral Schley and his staff are on board the Newark, awaiting the arrival of Commander Snow, who is to take command of the United States naval station at San Juan, before departing.

Colonel Hunter, secretary of the United States military commission, who is in poor health, will leave Ponce on October 27, on board the Philadelphia.

The efficient work of the United States commission has won popularity for its members among the people of San Juan and there have been a number of graceful farewells exchanged.

A movement has been started to send a Porto Rican commission to Washington in order to represent to the authorities there the needs of the people of this island.

A NARROW ESCAPE.

SANTIAGO DE CUBA, Oct. 24—General Wood, the acting military commander here, and Major Brookes had a narrow escape last evening from a serious disaster.

They had started down the bay on the way to Morro castle on board a steam launch which, seemingly had a hundred pounds of steam registered. But she lost fifty pounds in the first two minutes and a green engineer, who was in charge of her, discovering that there was little or no water in the boiler, was about to fill it while it was almost red hot.

Major Brookes saw the danger, stopped the launch, had the fire drawn and the launch was towed back to her starting place. The engineer was discharged.

Majors Star and Brookes returned yesterday from a trip to Baracoa, Sagua and other places. They report that there is destitution among the Cubans at the places visited, and they added that the distribution of free rations is having a demoralizing effect upon the people, who do not want to go to work, though the sugar estates, in common with other industries, are badly in need of laborers.

NEW SEE IN MICHIGAN CITY.

Bishop White of the Northern Diocese Will Remove There.

INDIANAPOLIS, Oct. 24.—John Hazen White of this city has been appointed bishop of the new northern Indiana Episcopal diocese, which was created at the general convention held in Washington. He has announced he had selected Michigan City as his see city and will move there, liberal concessions having been granted by Trinity church parish of that place.

The standing committee meets soon to fix the date of a convention to give a new name to the present southern Indiana diocese and to select Bishop White's successor.

Nancy Guilford Again Remanded.

LONDON, Oct. 24.—Dr. Nancy Guilford, the midwife of Bridgeport, Conn., was again brought upon remand today at Bow street police court. Counsel for the prisoner, in the course of the day's proceedings, said he wished to deny the report that his client had admitted her guilt. The effect of the magistrate's decision today is that the prisoner will be extradited, subject to a delay of fifteen days.

Captain and Crew Lost.

LONDON, Oct. 24.—It has just developed that the German bark Satisfaction sank during the recent gales in the north sea. The captain, his wife and the crew of nine were drowned, being all on board except a boy, who was saved.

A thief broke into Gus Fox's barn last night and stole two fur robes and a buggy whip. The police were notified of the theft this morning.

SPAIN is waiting for the perch to be taken before she comes off.

SINCE Frenchmen are spoiling for a fight they show a laudable preference for fighting Britons to fighting among themselves.

THE Omaha young man who, jealous of his sweetheart, got her in front of a camera to kill her, is trying to progress to fast for even this hurry-up period.

HOBSON, hero of the Merrimac adventure, is going to write a book narrating his thrilling experience at the mouth of Santiago harbor. If all his declared relatives purchase a copy it will exhaust the first edition and start a second out well.

AN evidence of progress in China is found in the announcement that the emperor has Bright's disease. In another year or so he will doubtless have reached a point where he may aspire to appendicitis.

EMPEROR WILLIAM will erect in Constantinople a marble fountain to commemorate his visit. He can do a deal more for the welfare of the unspeakable Turk by presenting the town on the Bosphorus with a garbage crematory.

UNEASINESS over Colonel Roosevelt's report on the Santiago campaign is again felt in Washington, and perhaps now by the gubernatorial candidate himself. It is asserted that while it has not yet been made public, and may not be, parts of it casting blame in various quarters have been submitted to the parties blamed, so that they can prepare answers for presentation to the war investigation commission. While this may not be be true, it is a no more curious or roundabout proceedings than others which have been arranged by the commission and the war department.

Down in Mississippi a desperate race war is in progress and the reports say that a dozen men have been killed. Such occurrences are not uncommon in Mississippi, though the conflicts do not always assume proportions so serious nor result in fatalities so wholesale. Something intelligent and rational should be done in Mississippi to solve the race question. In almost all other southern states rapid progress has been made along that line. While there are occasional collisions between the whites and blacks there is seldom any outbreak serious enough to be termed a war. In Mississippi, however, the only method that seems to be resorted to is for one party to try to kill off the other party when there is trouble. That is not the solution of the negro problem and no class of persons knows it better than the intelligent whites of that state.

A CRITICAL state of affairs is reported in Santiago de Cuba, the first city to pass from Spanish control to American authority. The newspapers there, though Spanish, have caught the real spirit of American journalism and are pounding away with twelve inch editorial guns for municipal reforms. For instance, El Cubana is prosecuting a vigorous campaign against Mayor McLeary's undignified Yankee practice of working in his office in shirtsleeves. Clearly Mayor McLeary is in need of discipline if not rigorous investigation. He ought to know that it is an outrage of the rich precedents of centuries for the mayor of a Cuban city to work at all. He should realize that his duty lies in looking grandly ornamental, and taking care of his rake-off. But working—and in his shirtsleeves, forsooth! Success to El Cubana in its campaign of reform. Mayor McLeary will know better when the Santiago journal gets through with him than to wantonly rape tradition with his Yankee customs.

Water Works Trustees Have Gone on a Junket.

Officers Still After Violators of the Vehicle Tax Ordinance--Notes.

This morning Murray Hartnett, Philip Singleton and William Tagtmeyer, waterworks trustees; P. J. McDonald, chief clerk, and A. M. Baxter, chief engineer, went to Chicago to inspect the Holly engines in use by the waterworks department of the "windy city." They will proceed from Chicago to Lockport, N. Y., where the Holly engine is manufactured and there inspect the different patterns of the Holly engine. Mrs. Hartnett accompanied her husband.

BOARD OF PUBLIC SAFETY.

The board of safety will hold its regular meeting tomorrow evening, and business of importance is to be transacted. The board considers applicants for firemen at every meeting, and many selections have been made, but no announcement of appointments will be made until early in December.

NOTES.

The board of public works is holding a regular meeting this afternoon. No business of importance is to be transacted.

The city authorities are after those persons who have not secured tags for their vehicles and this morning Officer Paul arrested Alfred Johnson on a bicycle. The wheel was held until a tag was procured.

BOSTON LYRIC OPERA COMPANY

At the Temple Theatre Tonight

In "The Beggar Student"--A Great Company In a Charming Opera.

The indications at the box office of the Temple theatre are that the engagement of the famous Boston Lyric Opera company, which inaugurates a week of opera tonight, with "The Beggar Student" as the attraction, will be a memorable one, and that crowds will test the capacity of the theatre nightly to hear this great organization of singers in their repertoir of operas.

The amusement public of Fort Wayne is not capricious. They simply want the best that the artistic market affords, and when an opportunity to see such attractions is placed before them, their appreciation is pronounced. The Boston Lyric opera company will fill the bill, for their reputation is an assurance of their excellence in all their productions.

Their repertoire is as follows: Tuesday, "Amorita;" Wednesday matinee, "Beggar Student;" Wednesday night, "Bohemian Girl;" Thursday, "Black Hussar;" Friday, "Fra Diavola;" Saturday matinee, "Bohemian Girl;" Saturday night, "Said Pasha."

Popular prices will prevail, 15c, 25c, 35c and 50c at night, 15c, 25c and 35c at matinee.

Box office open for sale of seats for any performance.

ACCUSED OF BANK ROBBERY

James Ward is Arrested for a Recent $10,000 Exploit at Flora.

WABASH, Ind., Oct. 24.—Marshal Lautzenheiser, of North Manchester, in this county, has captured James Ward, whom he accuses of being one of the robbers of the Flora, Ind., bank. Ward is said to have confessed that he knew who did the job, but denied that he had a hand in it. The amount taken from the bank was $10,660.

The Companion for the Rest of 1898.

The principal attraction offered by The Youth's Companion for the remaining weeks of 1898 provide a foretaste of the good things to follow in the new volume for 1899. To the first issue in November Frank R. Stockton will contribute a humorous sketch, entitled "Some of My Dogs," and in the issue for the week of November 10th will appear Rudyard Kipling's thrilling story of the heroism of soldiers in the ranks "The Burning of the Sarah Sands." In the seven issues to follow there will be contributions by Lord Dufferin, William D. Howells, J. E. Chamberlin, the American war correspondent, Mary E. Wilkins, Hon. Thomas B. Reed, the Marquis of Lorne, Mme. Lillian Nordica and I. Zangwill. Those who subscribe now for the 1899 volume will receive every November and December issue of The Companion from the time of subscription to the end of the year free, the Companion Calendar for 1899 free, and then the entire 52 issues of The Companion to January 1, 1900. An illustrated announcement of the 1899 volume and sample copies will be sent free to any one addressing

CONFERENCE CLOSED.

Farewell Service Held in Princess Rink Last Evening.

Addresses Made and Resolutions Passed--The Meeting Has Been a Grand Success.

The seating capacity of Princess rink did not accommodate all who came to attend the farewell service of the Y. M. C. A. conference, last evening. The meeting was opened with devotional exercises and music, after which brief remarks were made by a number of state secretaries, who spoke of the success of work in their divisions. The first address of the evening was by Rev. L. L. Henson, pastor of the Baptist Tabernacle, who spoke in behalf of the pastors of the city. C. H. Newton and Secretary Burns spoke in behalf of the railroad department of Fort Wayne. Hon. L. S. Coffin, of Fort Dodge, Ia., for the conference, said that he thought it was the grandest body of men ever collected together in Christian work. Mrs. Larimore, of London, the third representative of Great Britain, said it was her desire to publicly thank the conference and friends in America for the blessed time she had. She said that she was superintendent of the railway mission in London, near the famous Clapham junction, and that 1,500 railroad men and their families lived near this junction. Messrs. Thomas Ridley, of Scotland, and Robert Nixon, of England, then bade farewell to the conference and extended a hearty invitation to the delegates to attend the conference to be held in London.

MEETINGS YESTERDAY.

Yesterday morning consecration services were held and in the afternoon there was a men's mass meeting at the Baptist Tabernacle. The latter meeting was presided over by Augustus Nash. The features of meeting were a service of song, scriptural reading, testimonials, selections by the Indiana quartet and short addresses by Thomas Pape, of New York city; W. C. Byers, of Cedar Rapids, Iowa, and James Burwick, of Two Harbors, Mich.

RESOLUTIONS ADOPTED.

The following resolutions were adopted:

"Resolved, That this conference tender its most hearty appreciation and thanks to Rev. P. S. Henson, of Chicago; Augustus Nash, of Cleveland, Ohio; James Stokes, of New York City, N. Y.; Dr. James H. Canfield, of Columbus, Ohio; A. M. Waitt, general master car builder Lake Shore and Michigan Southern railroad, of Cleveland, Ohio; Robert Quayle, superintendent of motive power Chicago and Northwestern railroad, of Chicago, Ill.; T. F. Whittlesey, general superintendent Toledo and Ohio Central railroad, Toledo, Ohio; George F. Bidwell, general manager Fremont, Elkhorn and Missouri Valley railroad, Omaha, Neb.; Joseph Ramsey, jr., vice president and general manager Wabash railroad, St. Louis, Mo., and all others who have taken part in the program, for the valuable assistance rendered in the presentation and discussion of the various subjects of interest to our work.

"Resolved, That we owe our thanks and express our appreciation to the pastor, officers and members of the Baptist Tabernacle church for the use of their edifice for our meetings, and to the railroad department, Young Men's Christian association, of Fort Wayne, for the use of its building and for the very complete arrangements for the care and comfort of delegates while in the city; to the people of the Third Presbyterian church for the use of a part of their church building; to the manager of the Kimball piano and organ company, of Fort Wayne, for placing the piano and organ at our disposal; to Mr. Bowsor for the use of and operation of his stereopticon in the illumination of hymns; to the local furniture firms for the use of furniture, and to the public press of the city for favors shown.

"Resolved, That we owe and express our thanks to Messrs. Bigelow & Main, of New York city, N. Y., publishers, for the use of singing books.

"Resolved, That we heartily thank Mr. C. B. Willis, of Milwaukee, Wis., the members of the Indiana male quartet, the cornetists, and others, for their valuable services in connection with the musical program, and to Mr. Burleigh, of Rochester, N. Y., for cornet solos rendered.

Resolved, That it has given us great pleasure to welcome at this conference as representatives of the Railway Mission of England Mr. R. Nixon, Thomas Ridley and Mrs. Larimer, and we desire to send by them a cordial greeting to the Railway Mission and a hearty invitation to send delegates to our next conference.

Resolved, That we fully appreciate the great favors shown by the railroad companies in furnishing free transportation to delegates, and by the Pullman Palace Car company and the Wagner company in granting special rates, and are under great obligations to them for the same.

"Resolved, That we thank the hotels, restaurants and boarding houses of the city for reduced rates to delegates.

"Resolved, That this conference requests the international committee to consider the question of undertaking Christian work among railroad men in foreign countries, and that we express the hope that such work may be begun, providing special funds for this purpose are secured.

"Resolved, That we duly appreciate the hearty and kind hospitality of the people of Fort Wayne shown to the delegates while we have been in your city, and that we shall always have a warm place in our hearts toward them on account of the pleasant time spent with them.

NOT A BUSINESS SESSION.

The election of officers of the conference and other matters of that kind does not come up at the conferences but at regular conventions held every two years. The railroad department of the Y. M. C. A. work is but one of three branches under the jurisdiction of the International organization. These branches are the railroad, the college and the city departments. The business convention will be held next May, when officers will be elected, committees appointed and regular business of the organization transacted.

PREACHED THE WORD

Miss Downey's Meetings at Berry Street M. E. Church.

"Endowment of Power" Her Theme Last Evening--Great Interest Manifested--Meeting This Evening.

The interest manifested at the Berry Street M. E church, yesterday morning and evening, was remarkable. Miss Downey preached in the morning on the "Endowment of Power." Acts 1.8. The effect upon the congregations was marvellous; it seemed that the entire congregation seemed to be in the spirit of work. At the morning service, there were 150 people on their knees seeking the endowment of power from on high. Three persons went to the altar at the first service. Miss Downey is a preacher of great power. She speaks with her voice and with her face and with her gestures. The evening service was one of equally great power. The large auditorium was filled with anxious listeners, waiting to hear the gospel of Jesus Christ. Nor were they disappointed.

Miss Downey's sermon on "Miniature Gods" was a most vivid description of the possibilities of man, for advancement in the divine life or for degradation in sin. Her text was in the eighth psalm and the fifth verse, "For thou hath made him but little lower than God."

She pictured the fact that God had created man in his own image, and had endowed man with all the faculties that he had in miniature. Man has reason, judgment, memory and these other faculties of mind. And yet all that man has accomplished has been done by a "babe less than one hundred years old." But wait until he has been in the presence of God for ten million ages and has gone on developing his faculties. Who can tell his wonderful possibilities?

A profound spirit of worship was manifested at every service, and four souls were saved at the initial service. The subject for this evening will be "The Demands for Pentecost." The service will begin at 7:30 and a short service of song will precede the sermon.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets, and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

FILLED WITH PUPILS.

All the School Rooms in the Lakeside Building are Now Occupied.

People will be surprised probably to know that all the school rooms in the Lakeside building are in use. When the building was erected three years ago there was much comment that the trustees should spend so much money on a building in Lakeside. At that time it was understood that the commissioners would build a bridge across the St. Joe river so that school children on Spy Run avenue and cross streets could attend the Lakeside school. But the commissioners did not build this bridge. Nevertheless, so rapid was the growth of the Lakeside school district that today every room in the building is being used and is comfortably filled with pupils The judgment of the school trustees in building the large building has been vindicated.

C. R. Weatherhogg is drawing plans for a large barn to be built on the premises of J. F. Schell, in Lakeside. It will be a handsome structure and will have accommodations for eight horses belonging to the Schell Loan and Investment company.

CHANGES MADE.

Y. W. C. A. to Open Its Work Under New Conditions.

Will Occupy Less Room but Privileges are Not Curtailed--Some of the Departments.

The Y. W. C. A. announces that it will open its work October 29. This is a little later than usual, owing to some changes having been made in the work. Instead of occupying the whole building on West Berry street, as heretofore, the rooming department has been discontinued and part of the house let.

This step was made necessary because the income was not sufficient to carry on this branch of the work without going into debt. The association does not intend to incur any indebtedness this year and to this end will reduce the expense of the work in every way possible.

This will not curtail its usefulness, but enable it to put effort in more beneficial lines requiring less outlay of money. The association believes it has the approval not only of its friends, but also the public in adopting this financial basis for the future, and having already received encouragement, it feels sure that many more will be glad to help along in this effort.

The Noon Rest is a prominent feature of the work and will continue to serve meals to women. The number of out-of-town visitors has increased and the quality and price of meals attracts many in our own city.

The educational department offers exceptional inducements this year as a membership privilege. Last year Saturday night was devoted to chorus work, this year a special course has been arranged, including not only music, but also American literature, Bible study and games. Miss Jessie Montgomery, principal of the city training school, will teach the literature class, and Miss Mary Lincoln, formerly supervisor of music in the Decatur schools, will conduct the ladies' chorus. Classes in French, German, United States history, arithmetic and instrumental music will be taught by Miss Margaret Smith, Miss Louise Wolff, Miss Vera Morgan, Miss Mary Christie and Miss Hedwig Schrey respectively. Other classes will be formed if five applications are made.

The physical department this year offers a free membership to any one bringing in five new members for the gymnasium. The first term will begin October 29. Classes for boys, ladies, young women and girls will be organized under the direction of Miss Parmele. Enthusiasm already displayed shows the value of the work.

The Bible study continued throughout the summer and classes are open to visitors and new members at any time.

The new committees are beginning their work and the general secretary, Miss Parmele, will be glad to receive a call from anyone interested in the association.

NO PERMIT FOR DR. MURPHY.

Cleveland Hospital Surgeon Refuses Him Use of Amphitheater for Clinic.

CLEVELAND, Oct. 24.—The medical profession in Cleveland is highly wrought up by the refusal of Dr. Dudley P. Allen to permit the use of the amphitheater at Lakeside hospital for a clinic to be given publicly next Saturday morning by Dr. John B. Murphy, the Chicago surgeon, under the auspices of the Cleveland Medical society.

The medical society has arranged for a lecture by Dr. Murphy for next Friday night, to be followed by a surgical clinic on the next morning.

Dr. A. F. House, the president of the medical society, telephoned to Dr. Allen and asked to allow the clinic at Lakeside. The chief surgeon at Lakeside at once responded no, most emphatically. Allen puts it on the ground that he is personally responsible for his patients and will not turn them over for a public clinic to a man he has never seen operate.

Other doctors are indignant, saying that Murphy is perhaps the greatest surgeon in the world and that Allen's position is unwarranted Dr. House says he did not ask Allen for the material, but only for the hospital. Arrangements to have the clinic at St. Vincent's hospital have been perfected.

SLAIN BEFORE THE CAMERA.

Young Man at Omaha Kills His Sweetheart and Himself.

OMAHA, Neb., Oct. 24.—A lovers' quarrel ended in murder and suicide in the parlors of a down-town photographer at noon yesterday. John Melchert blew out the brains of Lillian Morris and then his own. They were standing before the camera at the time preparing to have their pictures taken. She desired to have their attitude one indicative of love when the picture was made and was posing with her arms around her lover's neck when he suddenly drew a pistol and slew her.

Melchert resided with his parents at 1330 West Madison street, Chicago. He has been in Omaha as an expert photographer at the exposition. Miss Morris was a saleswoman and resided with her parents. The two had been lovers for four months, and owing to his insane jealously had had frequent quarrels.

FIND DIES AND BAD MONEY.

Counterfeiters' Material Discovered Under a Bridge Over the Panhandle.

CROWN POINT, Ind., Oct. 24.—Boys playing beneath a bridge which crosses the Panhandle railway found a number of newly counterfeited dollars, together with dies and other instruments for the coining of money. The northern part of Indiana has been flooded of late with counterfeit money and it is believed by secret service officers that the counterfeiters are located in this neighborhood.

SCARCITY OF APPLES.

Crop Millions of Bushels Short and a Total Failure in Some Sections.

CHICAGO, Oct. 24.—The Orange Judd Farmer tomorrow will say:

"The apple crop of the United States is smaller than it has been since reliable statistics have been collected. The total supply from the 1898 crop of the United States is 27,700,000 bushels compared with something over 40,000,000 last year and 70,000,000 in the record breaking crop of 1896. The failure is widespread, reaching from the Pacific coast to Maine and in none of the states does the output of fruit approach an average. In the great apple states of the west the crop is almost an absolute failure, though the situation in Michigan is better than elsewhere, having about two-thirds of the bumper crop of 1896.

"New York has only one-fifth of a full crop. The failure is attributed to the fact that dur ng the blooming season there was excessive rain fall which washed out the polen and prevented proper fertilization by insects, while a cold wave added to the injury, and subsequent moist humid weather was favorable to the development of fungous diseases.

"The Ontario crop is decidedly short. The crop of Europe is reported below the normal."

PUMPKIN PRIZES.

Samuel Brunkhart Carries Off First Honors at the Indiana Furniture Co.

The pumpkin contest at the store of the Indiana Furniture company was decided last Saturday evening. There were pumpkins of all sorts and sizes waiting for prizes. All the pumpkins were weighed, and the result was that Mr. Samuel Brunkhart was given first prize and declared the king of pumpkin raisers. His pumpkin weighed 160 pounds, and was a magnificent specimen. The full list of prize winners follow:

First Prize—Samuel Brunkhart, Harlan, solid oak bed room suit, valued at $25.00; pumpkin, 160 pounds.

Second Prize—J. C. Gaff, Merriam Postoffice, 135 pounds.

Third Prize—William Sappington, Harlan, 129 pounds.

Fourth Prize—David H. Trainor, Roanoke, 122½ pounds.

Fifth Prize—Albert Sites, Aboite, 119½ pounds.

Sixth Prize—Samuel Fulkeson, Wallen, 115 pounds.

Seventh Prize—Mrs. Mary Kaough, Fort Wayne, 109 pounds.

Eighth Prize—Herman Trier, Fort Wayne, 106½ pounds.

Ninth Prize—Henry Bargman, Fort Wayne, 98 pounds.

Tenth Prize—Julian Proval, New Haven, 94 pounds.

There were seventy-five pumpkins entered in the contest.

SUNDAY SCHOOLS.

Meetings to be Held in the Union Chapel, Perry Township--Sessions Begin Friday.

The Perry township Sunday school convention will be held at the Union chapel October 28 and 29. The following program has been arranged:

Friday Evening—Gospel meeting, in charge of B. W. Hart.

Saturday Morning—"Half Hour Bible Study," Rev. W. A. Murray; "How to Conduct the Next Quarterly Review," Charles Harwood and Mrs. Ellen West; report of the schools in Perry township; "Order of Exercises in My School," two minute talks on above topic by the superintendents.

Afternoon—Children's meeting, Rev. Lenhart; "How to Get the Bible Into the Public School," Paul Mossman; "Inside Workings of a Sunday School," E. A. K. Hackett; collection for the county Sunday school work.

LAKE TOWNSHIP.

The Sunday school convention of this township will be held at Arcola Sunday afternoon and evening, November 6.

BEN HUR ENTERTAINMENT.

Spectacular Pantomime to Be Given Under the Auspices of Fort Wayne Ladies.

During the past four years the spectacular pantomime of "Ben Hur" has been successfully presented under the auspices of charitable and benevolent associations, in over 150 of the leading cities of the United States and Canada, and has been pronounced everywhere to be the purest, most chaste and beautiful entertainment ever given.

That this entertainment is to be seen in this city is reason for congratulation. The ladies of the Trinity Episcopal church have arranged for the production at the Masonic temple on the evenings of November 4th and 5th and a matinee performance. Owing to the popularity of this presentation of General Lew Wallace's oriental story, the Temple will no doubt be crowded at all performances. The fact that Fort Wayne ladies are causing the production here and the further consideration that it is to be given by home talent is sufficient to make it deserving of patronage.

The World's Telegraph System.

The total length of the world's telegraph system is 4,908,521 miles, not counting the 180,440 miles of submarine cables. Were this all in one continuous line, it would wrap around the equator about 196 times. The moon and earth could be connected by twenty lines, with enough to spare to connect every country on the earth. These lines are distributed as follows: Europe, 1,754,791 miles; Asia, 310,685 miles; Africa, 89,410 miles; Australia, 217,479 miles; America, 2,536,548 miles. Europe in 1850 had only 78,000 miles of telegraphs.

"Our Nation in War."

Harnessing Snoqualmie Falls.

The beautiful Snoqualmie falls in the state of Washington are to be harnessed to the car of utility. The falls are thirty-one miles distant from Seattle and forty-five miles from Tacoma, but the waters are to be utilized for supplying those cities with power. A novelty in the transmission of the electric current will be the use of aluminium instead of copper wire, with a voltage as high as 25,000.

Joint Traffic Association is Declared Illegal.

It is a Violation of the Anti-Trust Law.

Federal Supreme Court Decides It Must Go.

Most Important Decision of Recent Years Five Concurred, Three Dissented and One Took no Part.

WASHINGTON, D. C., Oct. 24.—The United States supreme court today decided the Joint Traffic association railroad case in favor of the United States and against the railroads. The case is considered one of the most important that has ever came before the supreme court, not only to the railroads, but to the general public and because of the vast railway properties represented by the traffic association.

The association was formed on November, 1895, by thirty-one railways representing the great trunk lines and their net work of branches. The purpose of the association as stated in the articles of agreement was "to establish and maintain reasonable and just rates, fares and rules and regulations on state and inter-state traffic."

A similar association on a smaller scale was established among southwestern roads, known as the Trans-Missouri association.

These associations were soon attacked in the courts on the ground that they were in violation of the Sherman anti-trust law and also of the inter-commerce laws. The Trans-Missouri first reached the United States supreme court, where in an opinion the court held that the association was illegal, being in effect a combination in restraint of trade and commerce, and therefore violative of the anti-trust law. This opinion was by a divided bench, the division being very close, viz: Chief Justice Fuller and Justices Harlan, Brewer, Brown and Peckham holding the traffic association illegal, while Justices Field, Gray, Shiras and White filed a dissenting opinion upholding the association.

Soon after this decision Justice Field gave place to Justice McKenna. Although the Missouri case was considered somewhat of a test, yet the Joint Traffic association prepared to make a stubborn contest in support of its existence. The case against it was begun on January 7, 1896, in the United States circuit court for the southern district of New York, the United States being complainant and the attorney general directing its course.

The case went against the government in the lower courts, the circuit court dismissing the bill and the court of appeals affirming the dismissal.

The government then proceeded to the United States supreme court. An exceptionally brilliant array of counsel appeared for the association and the several railroads, including ex Senator Edmunds, James C. Carter and E. J. Phelps. Solicitor General Richards filed the brief for the government. The main contention of the government was that the traffic agreement is a combination to prevent competition, thus constituting a contract in restraint of trade or commerce. The answer of the association maintained the legality of the agreement on the ground that the vast needs of commerce required the action and that such action insures uniform and just rates and prevents unjust discrimination.

Justice Peckham announced the decision. He said that the court could distinguish no difference between this case and that of the Trans-Missouri case decided a year ago, which was decided against the railroads. He said the only new point involved was as to the constitutionality of the anti-trust act. The court had reached the conclusion that if railroad corporations performed duties of a semi-public character it was within the constitutional power of congress to regulate them as provided by the anti trust act. The only question, therefore, was to the policy of congress in adopting such a measure, and as to the question of policy the court, he said, had nothing to do.

The opinion, which was very brief, was concurred in by Chief Justice Fuller and Justices Harlan, Brewer, Brown and Peckham. Three justices dissented, namely: Justices Gray, Shiras and White. Justice McKenna took no part in the case, as when the prosecution of the Joint Traffic association was begun he was attorney general.

After Justice Peckham had announced the opinion of Justice Harlan verbally expressed with some evidence of satisfaction his concurrence, on the same ground he said as that forth in the trans-Missouri case.

Under the decision today, the decisions of the United States circuit court for the southern district of New York and of the United States court of appeals, both of which were favorable to the Joint Traffic association, are reversed.

OBJECT TO THREE ENGINE TRAINS.

COLORADO SPRINGS, Oct. 24.—No freight trains are running on the eastern division of the Colorado Midland railroad, in consequence of a strike. The trouble originated when a crew was called upon to take out a three engine train. The men claimed that the company made an agreement some time ago not to run three engine trains and no crew would respond to the call. It is believed in railroad circles that the trouble will be quickly adjusted. If not a general strike of the freight crews may be declared. The strike now involves about fifty men. The passenger business has not been affected.

WABASH SHOPMAN HURT.

Ernest H. Koehn, an employe of the Wabash shops, had one of his legs caught between two engines which were being shifted from the main track to the shop tracks, Saturday and was severely pinched and lacerated. Luckily no bones were broken, but the limb was bruised and cut so badly that it will disable the unfortunate man several weeks. Mr. Koehn resides in New Haven, but while here boards with his sister at 166 Taylor street, where he was taken after the accident. Dr. W. H. Myers attended him.

General and Local Gossip.

Wabash Engineer H. W. Van Osdale, of Peru, was in the city over Sunday.

Pittsburg Engineer Joseph Stewart and Fireman W. A. Galentine are off duty on account of sickness.

Tom Hibbins went to Van Wert this morning to put the Pennsylvania depot in shape for the winter.

Lafe Truman, an engineer on the Chicago & Erie road, spent the past three or four days with friends in this city.

George T. Ladd arrived in the city last night. He comes here to take a position with the Bass Foundry and Machine company.

H. C. Grenneman, general foreman of the Wabash shops at Springfield, returned to that city after a visit here with friends.

E. Eix, a blacksmith at the Bass shops, is on the sick list. J. Jones, of the same department, is on duty again after a few days' illness.

Charles Green will leave this evening for Vedersburg, Ind., where he will superintend the work of putting in an electric light plant.

Henry Minneker, of the Pittsburg boiler shop, was fishing at Liverpool last Saturday and succeeded in securing a large basketfull of fine fish.

R. M. Cox, who was recently appointed superintendent of transportation of the Texas Central, was formerly connected with the Wabash.

Theodore Kucher, assistant master mechanic of the Pennsylvania shops at Allegheny, was the guest of his mother and brothers over Sunday.

The electric works sent a 2,000-light dynamo to Fremont, Neb., this morning. A millwright will leave in a day or two to set the machine up.

Wabash engine No. 429, while hauling a freight train yesterday, broke a driver axle. Luckily the connections held and no other damage resulted.

Assistant Foreman Wm. Wehrs, of the Pittsburg planing mills, has returned from Columbia City, where he spent several days hunting and fishing.

William Hamilton, who was married last week, resumed his duties at the Bass blacksmith shop this morning. His appearance at the shop was the signal for the "anvil chorus."

J. D. Harris, who has been engaged for several weeks in inspecting new car work for the Pennsylvania company at Pittsburg, spent Sunday here. He will probably return east tonight.

Frank Stenger, Frank Opatz and Thomas Pauley resumed their work in the Pittsburg blacksmith shop this morning. The former had a finger mashed about a month ago and the other two gentlemen were sick.

George Swart, a former resident of this city, is again an employe of the Wabash, having taken a position in the company's shops at Peru. For several years he has been employed in the Erie shops at Huntington.

Pennsylvania train No 8 had thirty berths reserved for delegates to the international conference of the R. R. Y. M. C. A., which closed its session her yesterday. Fifteen berths were also reserved for Cincinnati and five for Grand Rapids.

The official report shows that in August last the Maine Central hauled over its line 1,332 Pullman cars, carrying 19,466 passengers, or 628 people per day. This is what is called by the officials of the road the vacation month, which accounts for such heavy travel.

The authorities of the Lake Erie and Western, the Wabash and the Big Four roads have finally come to an understanding as to an interlocking switch at the junction, south of Lafayette, and the work of constructing the same will probably be commenced this week.

The Huntington News-Democrat last Saturday contained the following item: "Electric lines are now the prevailing fad, and the fact that another new one is being promoted need not cause any undue alarm. This new line starts from Alexandria, runs to Gaston, in Delaware county, and then switches up to Hartford City. From Hartford

City the line will run parallel with the L. E. & W. road to Fort Wayne, the northern terminus, taking in Montpelier and Bluffton. The object of the road is to establish a direct line from Fort Wayne to Indianapolis."

A notice was this morning posted in the Pittsburg planing mills and in the shop where small car supplies are made to the effect that the men therein employed, about 125, would work twelve hours per day until further notice. This puts all the departments of the works on over-time except the east shops.

Captain H. Stoll, of the Pennsylvania police department, sent Melvin Tanner to Convoy, Ohio, this morning. This is the man who had several teeth knocked out and his hands bruised and lacerated Saturday night by jumping from a freight train at the east yards. Dr. Stemen was called to dress Tanner's wounds.

The twenty branch lines of the Santa Fe are to lose their identity as separate corporations December 8, when they will be incorporated under the title of the Atchison, Topeka and Santa Fe railway. As far as possible the different lines will be purchased and where that is impossible they will be conveyed to the company by lease.

George Engelman, grandson of the late Miami chief, Francis Lafontaine, and great grandson of Chief John B. Richardville, was killed by an Erie freight train while stealing a ride between Palmer station and Rochester. His home was at Huntington. He had been at Chicago trying to find work, had failed and was homeward bound.

George Gould is about to assist in establishing a number of Railroad Y. M. C. A. headquarters at the division terminals on the Missouri Pacific and Iron Mountain systems of railroads. The work was recently planned by Mr. Gould, assisted by one of the international secretaries of the Y. M. C. A., and has been approved by the national conference which closed its session here yesterday.

The wreck on the Wabash at Lafayette, briefly referred to last Saturday, was more serious than reported. Two cars loaded with cattle, bound for Logansport, two cars loaded with coal and a car loaded with merchandise were involved in the wreck and were badly broken. Six cattle were killed and those which survived the wreck made their escape and wandered away. They were captured after considerable difficulty. Coal and merchandise of every kind were scattered in every direction and the wreck presented a destructive appearance. Wrecking crews were ordered out at once and the track was cleared as soon as possible. Some of the cars were so badly broken that the fragments were burned. None of the employes of the road were injured.

MORALS AND HEALTH.

BOTH WILL BE DISCUSSED BY THE NATIONAL COUNCIL OF WOMEN.

The Coming Session at Omaha Promises to Be a Most Interesting One. Sketch of the President of the Organization.

[Copyright, 1898, by American Press Association.]

The annual executive session of the National Council of the Women of the United States is to be held at Omaha from Oct. 24 to the 29th inclusive. The meeting will be under the auspices of the women's department of the Transmississippi and International exposition and will be largely attended by prominent representatives of women's organizations throughout the country.

This council is the largest organization of women in the United States, probably in the world, it being a federation of many societies of women, each of which is devoted to some particular phase of work in behalf of charity, reform, education or religion.

Matters of the utmost importance are to be considered at this session, and women of national reputation will take

MRS. MAY WRIGHT SEWALL.

part in the discussion. One of the subjects to be debated will be an amendment to the constitution of the International Council of Women, to be recommended by the National Council, the object of which shall be to secure more direct representation of the work and interests of the separate organizations which belong to the National and International Councils. A second has in view the project of forming a standing committee to consider the best method of caring for dependent children. Addresses on subjects dealing with public morals and public health will also be made.

The officers of the National Council are: Mrs. May Wright Sewall, president; the Rev. Anna Howard Shaw, vice president; Mrs. Louise Barnum Robbins, corresponding secretary; Frances Stewart Mosher, first recording secretary; Helen Finlay Bristol, second recording secretary, and Hannah J. Bailey, treasurer.

Mrs. Sewall, the president of the National Council, is a woman of conspicuous ability and force of character, and has a genius for organization. She was born in Milwaukee, and her father gave her every possible advantage of securing a good education. She was graduated at the Northwestern university of Evanston, Ills., in 1867. She taught schools afterward in Michigan, and was soon made principal of the high school in Plainwell. She became later the principal of the high school in Franklin, Ind., and a teacher of English and German in the high school of Indianapolis. This position she resigned in 1880, upon her marriage with Theodore L. Sewall, principal of a private school for boys in that city. In 1882 Mr. and Mrs. Sewall opened a private school for girls, known as the Girls' Classical school, which soon became highly successful and widely known.

She was for a time an editorial writer for the Indianapolis Times and The Journal, besides doing much literary work for various societies. Mrs. Sewall was one of the promoters of the international council of women, held in Washington in 1888, and to her may be credited the idea of making the council permanent. She was a delegate to the international congress at Paris in 1889, and in 1892 visited all the leading countries of Europe with the purpose of inducing women to send delegates to the international congress of women at Chicago the following year.

Mrs. Sewall was one of the committee that formulated the plan for the General Federation of Women's Clubs. She is a member of the Association For the Advancement of Women, an honorary member of the Union Internationale des Sciences et des Arts of Paris, a member of the American Historical association, of Sorosis and of many other organizations.

She is possessed of great oratorical power, and perhaps shows to best advantage as an extemporaneous speaker. She has the happy faculty of being able to "think on her feet" and express herself clearly and convincingly without any previous preparation. This ability presupposed a well stored mind, the ample resources of which she has completely at command.

Mrs. Sewall has advanced ideas and high aspirations as to the destiny of her sex. It is a favorite theory of hers that the "American woman" has not yet come, but when she does that she will incarnate the best and the fittest which she thinks must be the survival of all the races.

The National Council of Women of the United States was organized in 1888 and incorporated in 1891. In addition to the annual meetings the organization meets triennially, usually in Washington. The rule now at such triennial meetings is that the National Council shall consist of two parts, called respectively upper council and lower council, establishing a species of analogy between the mode of conducting business and our national legislation.

Wood-Carrier for the Men Folks.

A common shorts bag, with a rope of the right length, its two ends fastened to the upper corners of the bag, makes a good wood-carrier when the kitchen box has to be filled. The rope is slipped over the shoulders, or over one and under the other arm, then the other end of the bag is held up apron-wise and the wood piled in. A huge armful of wood can be carried easily in this way.

Beware of Liquid Kidney Remedies! they contain Alcohol. Sick kidneys should not be fed on Alcohol—it aggravates the disease. Uthah Kidney Beans are solid; they are concentrated; and they act directly on the kidneys

Rev. Roland Hull, an eminent clergyman of the Baptist Church, residing at Williamsport, Tennessee, endorses Utah Kidney Beans for the great relief his wife received from using them. Rev. Mr. Hull is known from one end of the State of Tennessee to the other, having been in the ministry for over half a century. This good man would not endorse a medicine or anything else unless he knew beyond the shadow of a doubt that it was worthy. Therefore, such endorsements give Utah Kidney Beans a standing that no other kidney remedy in the country has. Mrs. Hull received great benefit from the use of Utah Kidney Beans; they gave her new strength—and new life. They will lift all sufferers from kidney troubles out of sick beds and restore them to vigorous health. Strength begins to return after the first few doses.

A Great Clothing Trade!

That is what we are having this fall, in spite of the unfavorable weather. It takes a large stock to do the business we are doing, both in Men's and Boys' goods. There are reasons for our success in the clothing business. We own our goods right. We buy good materials, have them made up by people who understand their work, and sell them at prices the masses can afford to pay. People want new goods, especially in clothing. Our store is full of the newest, choicest goods. In fine goods we need only to show our Serge and Fancy Worsted Suits and Covert Overcoats to observing buyers to effect a sale. Our Covert Coat at $16.50 can't be matched at $20.00.

Men's Underwear.

Our shelves are fairly groaning under the weight of good things in this part of our store. We are sole agents for Staley's celebrated underwear and overshirts and show their whole line. They are the best in the world. We also show exceptional values in cheaper grades. Fleece lined goods at $1.00 a suit. Staley's goods at $2.00 to $5.00 a suit.

Next week a lot of special bargains in Children's Suits.

BABY'S FACE

LOOKED LIKE RAW MEAT.

Our baby's face and neck was all raw meat, and something awful to look at. The way that child suffered, mother and child never had any rest day or night as it constantly itched, and the blood used to flow down her cheeks. We had doctors and the dispensary with no result. By using CUTICURA RESOLVENT, CUTICURA (ointment), and CUTICURA SOAP, the child was entirely healed.

SHANGHAI, Oct. 24.—It is reported here today among the influential Chinese, that the emperor of China, Kwang Su, was "made away with" yesterday.

FOUND DEAD IN BED.

Captain Tom Carter Killed by Heart Disease.

Death Occurred in Louisville—Was a Secret Service Bureau Chief and Well Known in Fort Wayne.

LOUISVILLE, Ky., Oct. 24.—Capt. Thomas B. Carter, chief of the secret service bureau for Kentucky, Indiana and Tennessee, was found dead in his room in Selbach's hotel this morning. Coroner McCullough rendered a verdict of heart disease. Captain Carter was appointed several months ago to the vacancy caused by the sudden death of Capt. Michael Bauer and was one of the best known secret service men in the country.

Captain Carter intended joining his son in Indianapolis today and when called to take the train was found dead in bed.

The coroner's verdict was that he died of heart disease about midnight and without pain.

ONLY FIVE SICK.

List of Convalescent Soldiers is Increasing.

A Number of the Boys Leave for Indianapolis This Morning to Join Their Comrades.

The number of sick soldiers of the One Hundred and Fifty-seventh and Twenty-eighth has dwindled down to five, viz.: Fred Willson, William Sams, Harry Donivan, Fred Ehrman and Leo Wheeler, who are still at their respective homes in this city. The other members who had been on the sick list have recovered and this morning they returned to Camp Mount. Following is the list: Ed. Kolb, William Seymour, Henry Engle, John Ryan, J. P. Karrigan, J. E. Kasten, George Bobel, Paul J. Zimmerman, H. A. Zollinger, Jesse Birely, James Morris, Clyde Driesbach, Charles Jaquot, Fred Scherbondy and H. S. Banks.

ORDERS FOR MUSTERING OUT.

Word was received today from Indianapolis that Colonel May has issued orders for the mustering out of the Fort Wayne battery next Wednesday, the 26th, and for the mustering out of the One Hundred and Fifty-seventh regiment one week from today. It is certain that the boys will be discharged on the days mentioned.

Twenty of the candidates for re-examination from the One Hundred and Fifty-seventh were inspected. In the majority of cases satisfactory conclusions were reached. Colonel May is pushing the company's officers on the muster rolls in order that they will be ready in time.

There were six patients discharged from the hospital yesterday and three new ones received. The total number confined there is forty-three. None of the men are in danger, although there are several cases of typhoid that are considered serious. The doctors say it is remarkable that no ailments were contracted during the siege of bad weather just passed.

IS NOT A TRUST.

Supreme Court Decides in the Kansas City Live Stock Exchange Case.

WASHINGTON, Oct. 24.—Justice Peckham today announced the supreme court's opinion in cases against the Kansas City live stock exchange operating at Kansas City and western Missouri. The government prosecuted under the anti-trust law. The supreme court holds that the association does not come under the anti-trust law.

Justice Harlan in a dissenting opinion declared that such combinations were rings or syndicates which if extended to oil, sugar, salt, lumber and other staples would place the commerce of the country under the control of a few rings and syndicates.

SORE ON SLOAN.

The Little American Jockey Losing His Popularity in England.

LONDON, Oct. 24.—The newspapers which have hitherto been almost unanimous in their praise of Tod Sloan, the American jockey, today announce his imputation of unfairness upon the part of the Sandown park judges. The Sun says:

"The best that can be wished for Sloan is that he will promptly carry out his expressed intention to betake himself with his followers out of the country. He has already received more grace than would have been extended to other jockeys."

Continuing, the Sun recommends the withdrawal of his lines and calls Lord Beresford's attention to the fact that, in its opinion, Sloan is unworthy to ride the Prince of Wales' horse in the race for the Cambridgeshire stakes.

PREPARING BALLOTS

Election Commissioners Arranged the Tickets Today.

Several Townships Failed to Certify Candidates for Office—Too Many in Jefferson and Maumee.

County Clerk H. M. Metzgar, Hon. R. C. Bell and Wilmer Leonard, election commissioners, met today and prepared the ticket to be voted at the coming November election. The law provides that all tickets must be certified to the commissioners at least fifteen days before election and the election commissioners must then prepare the tickets for printing. In some townships no candidates were nominated for justice of the peace and constable and in others only one ticket was nominated, while in Jefferson and Maumee it is claimed too many candidates were nominated.

The law allows the commissioners to fix the number of justices and constables in each township and especially provides that no more than three for the township and one for each incorporated town shall be appointed. The commissioners have fixed on one justice in Jefferson and Maumee townships, and since their action Maples, in Jefferson, and Shirley City, in Maumee, have been incorporated. When the conventions were held an additional justice of the peace and constable were nominated in each, and the legal question arises whether all the names can be allowed on the tickets.

No certificates of nomination of township officers was filed by either democrats or republicans in Perry, Milan, Pleasant, St. Joe, Lake and Washington townships. The republicans were the only party to certify a ticket in Aboite township and the democrats only certified tickets in Madison, Marion, Lafayette, Jefferson and Cedar Creek.

This morning Wilmer Leonard presented the certificate for the Perry township republicans, but it will not be printed on the official ballot.

County Clerk H. M. Metzgar will go to Indianapolis this week after the state ballots.

MINERS MORE BUOYANT.

Pana Strikers Believe Matters Are Taking a Favorable Turn.

PANA, Ill., Oct. 24.—The union miners claim to feel more buoyant today than at any time since the strike was inaugurated. One reason is that notices have been posted up in and around the mines stating that "No insurance would be paid." Pit Boss Franklin resigned today, claiming that he could not risk his life with the careless negro miners.

Henry Stephens, the negro who led the riot of three weeks ago has left for Alabama stating that he had enough of Pana.

Other negroes accompanied him. The militia, it is stated, will leave this week, troop B returning to Bloomington tomorrow.

The negro miners have secured a preacher and organized a church. A negro school will also be opened with a negro instructor from Alabama.

SAILORS KIDNAPPED.

A Mysterious Abduction Made by Armed Men at Seattle.

SEATTLE, Wash., Oct. 24.—The bark Highland Light, which has been loading coal at the Smith Cove bunkers, did not sail Sunday for San Francisco, owing to an unforeseen occurrence.

According to the story the captain told today, two boats loaded with men came out to the Highland Light and boarded her.

They were armed with pistols and took five sailors away by force. The captain would not give any intimation of his opinion as to the cause of the alleged kidnapping.

A WARRIOR WEDS.

Gen. Wesley Merritt is Married This Afternoon in London.

LONDON, Oct. 24.—General Merritt and Miss Williams were married at 6 o'clock this evening in the bride's apartments at the Savoy hotel.

It had been planned to have the ceremony take place in St. Andrews church, Westminster, but an illness which Miss Williams contracted during the voyage necessitated the simplest possible ceremony and the avoidance of exertion and excitement. Consequently only a few intimate friends were present.

There were Mrs. Normam Williams, jr., brother of the bride; Lord and Lady Arthur Butler, and Henry White, the United States charge d'affaires.

STOLE THE DOG.

A Young Man Attempts to Make Away With Barnett's Bird Dog.

Officer Knock this morning recovered Dr. Barnett's valuable hunting dog. It had been taken by a young fellow who boxed it up preparatory to shipping it away. The officer saw the dog and stopped shipment. Superintendent Gorsline gave the young fellow a lecture and released him until Dr. Barnett returns home.

The Crew Rescued.

HALIFAX, N. S., Oct. 24.—The crew of the brigantine Irma, which went ashore on Three Cap shoals, entrance to Halifax harbor, Saturday night, was rescued today.

A REPLY IS GIVEN.

The American Answer to Spain's Amended Proposals.

Understood To be in the Nature of a Compromise.

Washington Expects It To be an Ultimatum.

The President is Satisfied That Spain is Purposely Delaying Negotiations—Delay Cannot be Tolerated.

PARIS, Oct. 24.—The American peace commissioners were in session today from 10 a. m. to almost 2 p. m., when they repaired to the joint session.

They took with them a carefully prepared written answer to the amended proposals of the Spaniards regarding Cuba. It is understood that the American reply is, to a certain degree, in the nature of a compromise proposal.

WILL DEMAND PHILIPPINES.

LONDON, Oct. 24.—A dispatch to the Exchange Telegraph company from Paris says the American peace commissioners at Friday's joint meeting will definitely insist upon the annexation of the Philippine islands to the United States.

ULTIMATUM LOOKED FOR.

WASHINGTON, Oct. 24.—It is expected that at today's meeting of the peace commission in Paris the American commissioners will deliver to their adversaries something very closely approaching an ultimatum.

The president is satisfied at last that the Spanish commissioners are purposely delaying the negotiations. This is the belief of the American commission also. The time has now come to cut off all false pleas and come directly to the main issue left open by the protocol, namely, the disposition of the Philippines.

Up to this point the entire time of the commissioners has been consumed in repeated efforts on the part of the Spanish commissioners to force the Cuban debt question upon the attention of the joint commission against the firm opposition of the American commissioners.

The latter have stated as positively as they could that under no circumstances will they assume sovereignty over Cuba, involving an assumption of the Cuban debt, and the time has now come when in the opinion of the American commissioners, the Spaniards must be made to understand that this answer is final and conclusive.

So far the American commissioners, while preserving a firm attitude, have treated the Spaniards with the utmost courtesy and consideration, allowing frequent postponements on the work of the joint commission to accommodate the Spaniards, but now, probably at today's meeting, without departing from their courteous treatment of the Spaniards, the American commissioners will find it incumbent upon them to speak very plainly as to the determination of the United States government to regard this matter of the Cuban debt and Cuban sovereignty as passed over and beyond recall.

HURRIED CABINET SESSION.

MADRID, Oct. 24.—A cabinet council was unexpectedly assembled last night to consider the question of the repatriation of the troops and matters connected with the peace commission.

It is believed that Lieutenant General Correa, the war minister, has resigned. Premier Sagasta does not deny the report of the resignation, but says the matter has not been submitted to the council.

WITH SICKLE KEEN.

Death Hath All Seasons for His Harvest.

Passing Away of George A. Litot at an Advanced Age—Michael Maloney, Veteran Railroad Man, Dead.

George A. Litot, aged seventy years, died last evening at the corner of Spy Run avenue and Randolph street, after an illness of two weeks, from kidney and bowel trouble. He was a native of France, and came to this country in January, 1848. He had lived here since that time continuously, and for many years was head miller at the old Rudisill mill on Spy Run avenue. He was a member of the Cathedral congregation, and a most devoted Christian. He was for many years prominent in the religious work of the church, and at the time of his death was the only surviving charter member of the St. Joseph's Catholic Benevolent society. He was a member of the sodality of the Cathedral for forty years. He was also a member of the St. Vincent de Paul society, and took a great interest in charitable work. A widow and nine children survive him. The children are Joseph V., deputy county auditor, and George A., Mary M., and Josephine, of this city; F. E. J., of Pittsburg; Louis, of Cleveland; John B., of Rock Island, Ill.; Peter J., of Pittsburg, and Edward J., of this city. The funeral will take place Wednesday morning at 9 o'clock from the Cathedral.

MALONEY.

Michael Maloney, an old employe of the Pennsylvania company, died at the St. Joseph hospital last Saturday evening of inflammation of the bladder.

Mr. Maloney was born in Limerick, Ireland, and was sixty-five years old. He came to this country when a young man, and had been employed by the Pittsburg company for about forty-five years. He had, in fact, grown old in the service. From the time he took employment with the company until the time of the Chicago fire he worked in that city, coming to Fort Wayne in 1871. For several years past he has been stationed as watchman at the machine shop gate, at the foot of Railroad street, and has stood there, a monitor to the trespasser and an accommodating servant of the company and its employes. The family of Mr. Maloney lives at the corner of Grant and Thomas streets, and consists of a wife and four children, three daughters and one son. Another son, Tommy Maloney, was drowned in St. Mary's river, near the foot of Baum street, early last March. The deceased was a member of St. Patrick's Catholic congregation, and also affiliated with Division No. 1, A. O. H. and St. Julian council, C. B. L. These orders have looked after the comfort of the deceased during his last illness, which was short. Funeral services will be held Tuesday morning at 8:30 o'clock from the residence and at 9 o'clock at St. Patrick's Catholic church. The services will be attended by the Catholic societies of which the deceased was a member.

GREER.

The remains of Mrs. Caroline Greer were brought to the city from Dayton, Ohio, last Saturday, and interred in the Catholic cemetery. The deceased was a sister of Frank Veith, of the firm of Schone & Veith. The Dayton Journal, in its mention of the lady's death, says: "A large circle of warm friends regretted to hear of the death of Mrs. Caroline Greer, wife of Joseph Greer, which took place yesterday morning at the home of Mrs. Katharine Greer, of 121 Bonner street. The deceased had been ill for some time and the circumstances leading to the close of her life were extremely sad. She was of a beautiful character and a devout Christian, being a member of Holy Trinity church. Her devoted husband has the sympathy of friends in his severe affliction."

WEBSTER.

Mrs. Agnes Webster, whose serious illness was chronicled by THE SENTINEL last week, died Saturday and was buried this afternoon at Warsaw. She was the mother of Eugene B. Gordon, of East Washington street, with whom she frequently visited. Concerning her the Warsaw Daily Times says: "Mrs. Webster was a woman widely known among the pioneers of this county. Her maiden name was Agnes Ervin—a sister of the late William and James Ervin, also well known to the first settlers of the county. She was in the seventy-ninth year of her age and was a woman who all through life has been highly esteemed by a host of relatives and a large circle of warm hearted friends."

THE WEEK'S DEATHS.

The following is a list of the deaths reported by the undertakers of the city for the week ending October 22:

Joseph Hartman, sixty-four years, Bright's disease.

Lucy Roehl, fifteen years, heart trouble.

Caroline Greer, thirty-eight years, paralysis.

Clinton Sheaff, fourteen days, hemorrhage.

Ruth H. Brill, three years, marasmus.

Samuel Whiteman, sixty-eight years, dropsy.

Samuel Trusler, eighty-one years, old age.

Twin children of Henson, one day, exhaustion.

John Solon, seventy-eight years, old age.

William McCarthy, sixteen years, inflammation of the bowels.

Catherine M. Drothelbiss, forty-six years, paralysis.

Adolf Hignon, sixty-nine years, fatty degeneration of the heart.

BIG FACTORY CLOSED.

Result of the Collapse of a Bank at Lisbon, Ohio.

COLUMBUS, Ohio, Oct. 24.—A special to the dispatch from Lisbon, Ohio, says: As a result of the collapse of the First National bank, Alpheus Arter, one of the heaviest depositors, closed his harnessmaking establishment today. About 100 persons are thrown out of employment. There has been no further developments in the bank's affairs. It is thought the total loss will reach about $160,000. Nothing has been heard of Childs, the missing cashier.

M'INTYRE MUST GO.

The President Approves the Finding of the Court Martial.

WASHINGTON, Oct. 24.—The president has approved the sentence of the court martial dismissing from the naval service Chaplain McIntyre of the Oregon, for remarks made on a lecture at Denver reflecting on Admiral Sampson and others.

Stabbed by Unknown Private.

SAN FRANCISCO, Oct. 24.—Richard Chetwood, of Company I, First Tennessee, was stabbed in the back this morning while in a saloon. Chetwood was on the provost guard and was trying to arrest an unknown Tennessee private when the latter stabbed him with a bayonet. Chetwood's condition is serious.

NEGROES ARRESTED.

Five of Them Made Prisoners at Forest, Miss.

Sheriff Has a Desperate Fight With a Mob of Whites to Protect His Prisoners—Another Fight Expected.

JACKSON, Miss., Oct. 24.—A special from Forest, Miss., says:

Five negroes concerned in the riot which occurred Saturday night and Sunday, resulting in the killing of one white man and ten negroes, have been arrested at Harpersville. They are being brought here and will be tried immediately upon arrival.

The excitement here continues and the streets are thronged with men who have been arriving since last night.

A FIGHT WITH A MOB.

FOREST, Miss., Oct. 24.—The negro rioters from Harpersville were landed in jail here at noon. Sheriff Stephenson and his posse had a fight with a mob of whites, who made a desperate attempt to lynch the negro prisoners soon after the party left Harpersville.

The sheriff and his aides formed a circle about the negroes, and with drawn revolvers forced their way through the mob.

The negroes who escaped into the swamp are being hotly pursued by a large crowd of white men, and news of another battle is momentarily expected.

Governor McLaurin returned to Brandon at noon, after making a speech to the whites here, urging them not to molest the negroes now in jail.

ARGUED WITH WARMTH.

Episcopal House of Deputies Demand Control of Organization.

WASHINGTON, D. C., Oct. 24.—The bishops and deputies gave most of their time today to reconciling differences between them on the revised constitution, in anticipation of final adjournment tomorrow.

It disclosed much tenacity on the part of the deputies to direct the affairs of their own house without the control of the bishops.

The question came up on a conference report on article 10, which recommends that the view of bishops on the manner of choosing members of the house of deputies, and on giving missionary deputies the right to vote, be accepted. The report was warmly opposed. Francis Lynde Stetson, of New York, argued that this was a proposition to surrender to the bishops the constitutional direction of the house of deputies. Rev. Dr. McKim, of Washington, also argued that the deputies should control the organization of their own house.

POLICE NEWS.

A Suspicious Train-Jumper Sent to Jail for Twenty Days—Notes.

There were two prisoners in police court this morning. George Harris, a train-jumper, arrested by Detective Harris, carried a valuable gold watch with a name on it other than his own, and the mayor thought best to hold him for investigation and therefore sent him to jail for twenty days.

William Nicholas, a tough looking tramp, arrested by Detective Dinger, was sent to jail for fifteen days.

NOTES.

A thief broke into an ice box at the home of Mr. Harris on West Main street, and stole some of the contents.

A wheel was stolen from the sidewalk in front of the Western Union Sunday evening. It was a Smalley.

Melvin Lennart jumped from the limited near the south depot Saturday night and was badly bruised and cut. He had no money and wanted to go to his home in Convoy and Trustee Schmeltzer furnished him transportation.

IS NOT A FUGITIVE.

Important Decision Rendered in the Case of Mrs. Botkin.

SAN FRANCISCO, Oct. 24.—The superior court, five judges sitting en banc, has decided that Mrs. Botkin, accused of murder of Mrs. John P. Dunning and her sister, Mrs. Joshua Deane, of Dover, Del., is not a fugitive from the justice of the state of Delaware.

The court holds that the flight from justice must be actual, not constructive. Mrs. Botkin was remanded to the custody of Chief of Police Lees, but date and place of her trial will be set later. The decision was unanimous.

Body Awaits Identification.

ST. LOUIS, Mo., Oct. 24.—At the morgue, with no one to claim him, lies the body of a man supposed to be either Henry Wilson, of Washington, D. C., or Henry Lukeman, of South Bethlehem, Pa. The man's identity is not positively known. He slept at the Salvation Army shelter house last night. Nothing was found on his person but a bit of paper with these two names written on it.

The Culver foot ball eleven defeated the Fort Wayne High school eleven last Saturday at Culver by a score of 35 to 0. The Culver boys had much practice and the high school players could not withstand the vicious onslaught of their heavier opponents. Bond, of this city, was referee.

TO MASS AT TOULON

The French Military and Naval Rendezvous.

City To be Center of Important War Preparations.

Schools Dismissed to Provide Quarters for Troops.

Paris Newspapers Warmly Praise the Exposition of the French Side of the Fashoda Question.

PARIS, Oct. 24.—The municipal authorities of Toulon have been notified that that place will be the center of important naval and military preparations and have been instructed to arrange for the immediate reception of four batallions of infantry, 1,500 marines and 600 artillerymen.

The municipal council has decided to close the schools, and the school houses will be used for lodging the troops.

The naval authorities have been ordered to expedite the preparations for the outfitting of the new squadron.

PRAISED BY NEWSPAPERS.

The newspapers here today warmly praise the exposition of the French side of the Fashoda question presented by the minister of foreign affairs, M. Delcasse, in the yellow book on the subject issued yesterday.

The Figaro says:

"If the British government rejects France's moderate and just proposals, it can only be because the government of Great Britain desires before everything else the humiliation of France."

The general tone of the French press comments is reflected by the Eclair, which remarks:

"An agreement regarding Fashoda can be arrived at, provided Great Britain does not persist in asking for the immediate recall of Major Marchand. But as to an outlet on the Nile, we have an absolute right thereto and will brook no refusal."

WAR WOULD BE MADNESS.

The Siecle, after urging peace, says:

"France would hardly come off better in war with England than did Spain in the war with the United States. France would be better employed in developing her colonies than in thwarting England."

The Autorite declares that France ought never to have gone to Fashoda, adding:

"It was a stupid mistake, and now England calls on us to get out. Well, it is no use talking; we shall have to get out. Otherwise there will be war, which would be madness."

WANT SALISBURY TO EXPLAIN.

LONDON, Oct. 24.—The afternoon newspapers here today discuss the report of the French ambassador, Baron De Courcel, on the subject of the conversation he had with the marquis of Salisbury, regarding the proposed French outlet on the Nile, as being the leading feature of the yellow book on the Fashoda question issued yesterday by the French government.

The conservative organs scout the idea of the marquis of Salisbury entertaining the surrender of the Bahr-El-Ghazal valley to the French, and the Pall Mall Gazette and the Globe suggest that the ambassador misunderstood the premier, and call on the latter to make some explanation.

The liberal and radical papers are not displeased at the prospect of a compromise being arrived at, and they believe that, provided Major Marchand is recalled, the dispute is susceptible to an arrangement by which France will receive some satisfaction in the Bahr-El-Ghazal district.

SIGNIFICANT ORDERS.

The British admiralty issued a number of significant orders this morning. The dock yards at Portsmouth, Devonport and Chatham has each received instructions to prepare six thirty knot torpedo boat destroyers for commissioning so that they will be able to put to sea in twenty-four hours. Over time hours have begun on the first-class cruisers Europa and Andromeda so as to push them for sea service. Several gunboats in the different dock yards have been ordered to postpone unnecessary refitting. Finally the Canard line and White Star line have received from the admiralty an intimation to hold their subsidized steamers in readiness for turning over to the navy officials.

The Pallas, Tabot and Infatigable will come here at once, together with two torpedo boat destroyers now at Bermuda. The torpedo boats at the dock are being overhauled. The crew of the flagship Renown will be sent to Lawlor's Island this week for field practice. The Renown went to sea this morning for heavy gun practice.

MOBILIZE AT HALIFAX.

HALIFAX, N. S., Oct. 24.—The commanders of all warships of the British North American squadron have received orders to mobilize at Halifax.

BOURSES BUT ANXIOUS.

LONDON, Oct. 24.—The London and Paris stock exchanges today opened steady and with little doing. Operators, however, are viewing the situation hopefully, combined with anxiety.

There was no endeavor to press sales and the tendency of prices was to be firm, though the dearness of money depressed business.

A RUMOR DENIED.

LONDON, Oct. 24.—There is no foundation for the report that the British admiralty has ordered the Cunard and White Star lines to have their subsidized vessels in readiness to be handed over to the admiralty officials.

WIFE MUCH ABUSED.

Mrs. Anna Pieper Wants a Divorce from Her Husband.

Alleges That He Threatened to Kill Her Last July—Harry F. Guinn on Trial—Notes.

Through her attorney, John H. Aiken, Mrs. Anna Pieper this morning commenced suit for divorce against Frederick Pieper. The couple were married July 13, 1882, and are the parents of three children, Henry, aged twelve; Walter, aged eight, and Frederick, aged six. Mrs. Pieper alleges that during her married life the husband refused to provide for her and was cruel and inhuman in his treatment of her. She alleges that for two years he has been a habitual drunkard. They lived together until July 5, 1898, on which date the husband threatened to kill her with a chair and it was necessary to call in an officer and have him taken into custody. For some time she has been compelled to support herself. She prays for divorce and custody of the children and asks the court to compell the husband to pay a monthly stipend for the support of the children.

FOR WIFE DESERTION.

In Justice France's court this afternoon the case of the state ex rel Edith Belle Guinn vs. Harry F. Guinn is on trial. The wife alleges that on June 21 she was married to the defendant and on December 21 a child was born to them. On March 3, the complaint says, the husband deserted the wife and child and has since failed to provide for them, wherefore she prays for $1,000. A case for alienation of wife's affections, in which the same parties were principals, was dismissed in the superior court a few days ago.

ARRESTED FOR LARCENY.

Sheriff Melching went to New Haven this morning and arrested Louis Walschmidt, a young man who is suspected of stealing a tent from the Sunflower club, a shot gun and other property which is missing. He will have a hearing this afternoon.

NOTES.

After hearing the evidence in the case against Dr. W. R. Mayo Saturday, Deputy Thomas moved for dismissal and Justice France discharged the doctor.

Judge John Morris has resigned as bankruptcy referee and ex-Judge A. A. Chapin will succeed him. The remuneration was not enough to justify Judge Morris in devoting his time to the cases which came up for settlement.

Michael Bricker will have a hearing in the United States court next Wednesday.

MARRIAGE LICENSES.

Tracy W. Bauer and Jessamine E. Mong.

SMUGGLED WHISKY

Into Perry G. Waite, but the Rapid Did Not Get Any of It.

Two young fellows called at the jail Saturday evening to see Perry G. Waite. They had liquor with them and attempted to smuggle it into the prisoner, but were frustrated by Turnkey Gladieux. Affidavits were sworn out against them, but when Sheriff Melching talked with them the boys begged so pitifully that the sheriff released them. They were sons of respectable families.

A Kentucky Terror Killed.

MIDDLESBORO, Ky., Oct. 24.—"Wild Bill" Turner, a most noted character in the mountains, was shot and killed by Will Coombs last night. Turner kept a moonshine saloon on the state line between Kentucky and Tennessee and had made a fortune. He had killed several men. He is the sixth brother killed and is the last of the family.

Lieutenant Hobson Reaches Boston.

BOSTON, Mass., Oct 24.—The Boston fruit company's steamer, Beverly arrived at her dock here at 7 o'clock this morning, twenty four hours late, having on board Naval Constructor Richard P. Hobson, who is enroute to Philadelphia to participate in the peace jubilee.

The condition of Mrs. J. R. Shafer and daughter Myrtle, who have been ill with typhoid fever, is much improved and it is believed they are now in a fair way to recover.

Revival services begin at Wayne street Methodist Episcopal church this evening at 7:30 promptly. Rev. Paul E. Gilbert, the first tenor of the Indiana quartet, will conduct the singing. A new book will be introduced. Rev. W. W. Mountain of Terre Haute, a preacher honored of the Holy Spirit, is expected to assist in the services. Pastor wants to see every member and friends present.

THE DONS HAVE GONE

Evacuation of Porto Rico Is Now Complete.

Last of the Spanish Soldiers Have Sailed.

Admiral Schley Makes Official Report of It.

American Commissioners Have Promoted a Friendly Feeling in the Island—News from Santiago.

WASHINGTON, Oct. 24.—The navy department today received the following:

"San Juan, Oct. 23—Secretary Navy: Evacuation Porto Rico completed by sailing of last detachment of Spanish troops today.

"SCHLEY."

CABINET TAKES OATH.

SAN JUAN DE PORTO RICO, Oct. 24.—The members of the insular cabinet took the oath of allegiance to the United States yesterday with befitting solemnity. They will issue a manifesto announcing their desire to abstain from partisan policy and party strife.

About $12,000 have been collected as customs duties since October 18th, the day the United States formally took possession of Porto Rico.

General Ortega embarked yesterday on board the Spanish steamer Montevideo and was saluted from the shore. He made a speech declaring that the island had been surrendered by order from Madrid, adding that he would never have done so without such an order. The general sailed today and was saluted by the United States cruiser Newark.

Rear Admiral Schley and his staff are on board the Newark, awaiting the arrival of Commander Snow, who is to take command of the United States naval station at San Juan, before departing.

Colonel Hunter, secretary of the United States military commission, who is in poor health, will leave Ponce on October 27, on board the Philadelphia.

The efficient work of the United States commission has won popularity for the members among the people of San Juan and there have been a number of graceful farewells exchanged.

A movement has been started to send a Porto Rican commission to Washington in order to represent to the authorities there the needs of the people of this island.

A NARROW ESCAPE.

SANTIAGO DE CUBA, Oct. 24—General Wood, the acting military commander here, and Major Brookes had a narrow escape last evening from a serious disaster.

They had started down the bay on the way to Morro castle on board a steam launch which, seemingly had a hundred pounds of steam registered. But she lost fifty pounds in the first two minutes and a green engineer, who was in charge of her, discovering that there was little or no water in the boiler, was about to fill it while it was almost red hot.

Major Brookes saw the danger, stopped the launch, had the fire drawn and the launch was towed back to her starting place. The engineer was discharged.

Majors Star and Brookes returned yesterday from a trip to Baracoa, Sagua and other places. They report that there is destitution among the Cubans at the places visited, and they added that the distribution of free rations is having a demoralizing effect upon the people, who do not want to go to work, though the sugar estates, in common with other industries, are badly in need of laborers.

NEW SEE IN MICHIGAN CITY.

Bishop White of the Northern Diocese Will Remove There.

INDIANAPOLIS, Oct. 24.—John Hazen White of this city has been appointed bishop of the new northern Indiana Episcopal diocese, which was created at the general convention held in Washington. He has announced he had selected Michigan City as his see city and will move there, liberal concessions having been granted by Trinity church parish of that place.

The standing committee meets soon to fix the date of a convention to give a new name to the present southern Indiana diocese and to select Bishop White's successor.

Nancy Guilford Again Remanded.

LONDON, Oct. 24.—Dr. Nancy Guilford, the midwife of Bridgeport, Conn., was again brought upon remand today at Bow street police court. Counsel for the prisoner, in the course of the day's proceedings, said he wished to deny the report that his client had admitted her guilt. The effect of the magistrate's decision today is that the prisoner will be extradited, subject to a delay of fifteen days.

Captain and Crew Lost.

LONDON, Oct. 24.—It has just developed that the German bark Satisfaction sank during the recent gales in the north sea. The captain, his wife and the crew of nine were drowned, being all on board except a boy, who was saved.

A thief broke into Gus Fox's barn last night and stole two fur robes and a buggy whip. The police were notified of the theft this morning.

SPAIN is waiting for the perch to be taken before she gives off.

SINCE Frenchmen are spoiling for a fight they show a laudable preference for fighting Britons to fighting among themselves.

THE Omaha young man who, jealous of his sweetheart, got her in front of a camera to kill her, is trying to progress to fast for even this hurry-up period.

HOBSON, hero of the Merrimac adventure, is going to write a book narrating his thrilling experience in the mouth of Santiago harbor. If all his declared relatives purchase a copy it will exhaust the first edition and start a second out well.

AN evidence of progress in China is found in the announcement that the emperor has Bright's disease. In another year or so he will doubtless have reached a point where he may aspire to appendicitis.

EMPEROR WILLIAM will erect in Constantinople a marble fountain to commemorate his visit. He can do a deal more for the welfare of the unspeakable Turk by presenting the town on the Bosphorus with a garbage crematory.

UNEASINESS over Colonel Roosevelt's report on the Santiago campaign is again felt in Washington, and perhaps now by the gubernatorial candidate himself. It is asserted that while it has not yet been made public, and may not be, parts of it casting blame in various quarters have been submitted to the parties blamed, so that they can prepare answers for presentation to the war investigation commission. While this may not be be true, it is a no more curious or roundabout proceedings than others which have been arranged by the commission and the war department.

Now in Mississippi a desperate race war is in progress and the reports say that a dozen men have been killed. Such occurrences are not uncommon in Mississippi, though the conflicts do not always assume proportions so serious nor result in fatalities so wholesale. Something intelligent and rational should be done in Mississippi to solve the race question. In almost all other southern states rapid progress has been made along that line. While there are occasional collisions between the whites and blacks there is seldom any outbreak serious enough to be termed a war. In Mississippi, however, the only method that seems to be resorted to is for one party to try to kill off the other party when there is trouble. That is not the solution of the negro problem and no class of persons knows it better than the intelligent whites of that state.

A CRITICAL state of affairs is reported in Santiago de Cuba, the first city to pass from Spanish control to American authority. The newspapers there, though Spanish, have caught the real spirit of American journalism and are pounding away with twelve-inch editorial guns for municipal reforms. For instance, El Cubano is prosecuting a vigorous campaign against Mayor McLeary's undignified Yankee practice of working in his office in shirtsleeves. Clearly Mayor McLeary is in need of discipline if not rigorous investigation. He ought to know that it is an outrage of the rich precedents of centuries for the mayor of a Cuban city to work at all. He should realize that his duty lies in looking grandly ornamental, and taking care of his rake-off. But working—and in his shirtsleeves, forsooth! Success to El Cubano in its campaign of reform. Mayor McLeary will know better when the Santiago journal gets through with him than to wantonly rape tradition with his Yankee customs.

MUNICIPAL AFFAIRS.

Water Works Trustees Have Gone on a Junket.

Officers Still After Violators of the Vehicle Tax Ordinance—Notes.

This morning Murray Hartnett, Philip Singleton and William Tagtmoyer, waterworks trustees; P. J. McDonald, chief clerk, and A. M. Baxter, chief engineer, went to Chicago to inspect the Holly engines in use by the waterworks department of the "windy city." They will proceed from Chicago to Lockport, N. Y., where the Holly engine is manufactured and there inspect the different patterns of the Holly engine. Mrs. Hartnett accompanied her husband.

BOARD OF PUBLIC SAFETY.

The board of safety will hold its regular meeting tomorrow evening, and business of importance is to be transacted. The board considers applicants for firemen at every meeting, and many selections have been made, but no announcement of appointments will be made until early in December.

NOTES.

The board of public works is holding a regular meeting this afternoon. No business of importance is to be transacted.

The city authorities are after those persons who have not secured tags for their vehicles and this morning Officer Paul arrested Alfred Johnson on a bicycle. The wheel was held until a tag was procured.

BOSTON LYRIC OPERA COMPANY

At the Temple Theatre Tonight

In "The Beggar Student"—A Great Company in a Charming Opera.

The indications at the box office of the Temple theatre are that the engagement of the famous Boston Lyric Opera company, which inaugurates a week of opera tonight, with "The Beggar Student" as the attraction, will be a memorable one, and that crowds will test the capacity of the theatre nightly to hear this great organization of singers in their repertoir of operas.

The amusement public of Fort Wayne is not capricious. They simply want the best that the artistic market affords, and when an opportunity to see such attractions is placed before them, their appreciation is pronounced. The Boston Lyric opera company will fill the bill, for their reputation is an assurance of their excellence in all their productions.

Their repertoire is as follows: Tuesday, "Amorita;" Wednesday matinee, "Beggar Student;" Wednesday night, "Bohemian Girl;" Thursday, "Black Hussar;" Friday, "Fra Diavolo;" Saturday matinee, "Bohemian Girl;" Saturday night, "Said Pasha."

Popular prices will prevail, 15c, 25c, 35c and 50c at night, 15c, 25c and 35c at matinee.

Box office open for sale of seats for any performance.

ACCUSED OF BANK ROBBERY

James Ward Is Arrested for a Recent $10,000 Exploit at Flora.

WABASH, Ind., Oct. 24.—Marshal Lautzenheiser, of North Manchester, in this county, has captured James Ward, whom he accuses of being one of the robbers of the Flora (Ind.) bank. Ward is said to have confessed that he knew who did the job, but denied that he had a hand in it. The amount taken from the bank was $10,000.

The Companion for the Rest of 1898.

The principal attraction offered by The Youth's Companion for the remaining weeks of 1898 provide a foretaste of the good things to follow in the new volume for 1899. To the first issue in November Frank R. Stockton will contribute a humorous sketch, entitled "Some of My Dogs," and in the issue for the week of November 10th will appear Rudyard Kipling's thrilling story of the heroism of soldiers in the ranks, "The Burning of the Sarah Sands." In the seven issues to follow there will be contributions by Lord Dufferin, William D. Howells, J. E. Chamberlin, the American war correspondent, Mary E. Wilkins, Hon. Thomas B. Reed, the Marquis of Lorne, Mme. Lillian Nordica and I. Zangwill. Those who subscribe now for the 1899 volume will receive every November and December issue of The Companion from the time of subscription to the end of the year free, the Companion Calendar for 1899 free, and then the entire 52 issues of The Companion to January 1, 1900. An illustrated announcement of the 1899 volume and sample copies will be sent free to any one addressing

CONFERENCE CLOSED.

Farewell Service Held in Princess Rink Last Evening.

Addresses Made and Resolutions Passed—The Meeting Has Been a Grand Success.

The seating capacity of Princess rink did not accommodate all who came to attend the farewell service of the Y. M. C. A. conference, last evening. The meeting was opened with devotional exercises and music, after which brief remarks were made by a number of state secretaries, who spoke of the success of work in their divisions. The first address of the evening was by Rev. L. L. Henson, pastor of the Baptist Tabernacle, who spoke in behalf of the pastors of the city. C. H. Newton and Secretary Burns spoke in behalf of the railroad department of Fort Wayne. Hon. L. S. Coffin, of Fort Dodge, Ia., for the conference, said that he thought it was the grandest body of men ever collected together in Christian work. Mrs. Larimore, of London, the third representative of Great Britain, said it was her desire to publicly thank the conference and friends in America for the blessed time she had. She said that she was superintendent of the railway mission in London, near the famous Clapham junction, and that 1,500 railroad men and their families lived near this junction. Messrs. Thomas Ridley, of Scotland, and Robert Nixon, of England, then bade farewell to the conference and extended a hearty invitation to the delegates to attend the conference to be held in London.

MEETINGS YESTERDAY.

Yesterday morning consecration services were held and in the afternoon there was a men's mass meeting at the Baptist Tabernacle. The latter meeting was presided over by Augustus Nash. The features of meeting were a service of song, scriptural reading, testimonials, selections by the Indiana quartet and short addresses by Thomas Pape, of New York city; W. C. Byers, of Cedar Rapids, Iowa, and James Burwick, of Two Harbors, Mich.

RESOLUTIONS ADOPTED.

The following resolutions were adopted:

"Resolved, That this conference tender its most hearty appreciation and thanks to Rev. P. S. Henson, of Chicago; Augustus Nash, of Cleveland, Ohio; James Stokes, of New York City, N. Y.; Dr. James H. Canfield, of Columbus, Ohio; A. M. Waitt, general master car builder Lake Shore and Michigan Southern railroad, of Cleveland, Ohio; Robert Quayle, superintendent of motive power Chicago and Northwestern railroad, of Chicago, Ill.; T. F. Whittlesey, general superintendent Toledo and Ohio Central railroad, Toledo, Ohio; George F. Bidwell, general manager Fremont, Elkhorn and Missouri Valley railroad, Omaha, Neb.; Joseph Ramsey, jr., vice president and general manager Wabash railroad, St. Louis, Mo., and all others who have taken part in the program, for the valuable assistance rendered in the presentation and discussion of the various subjects of interest to our work.

"Resolved, That we owe our thanks and express our appreciation to the pastor, officers and members of the Baptist Tabernacle church for the use of their edifice for our meetings, and to the railroad department, Young Men's Christian Association, of Fort Wayne, for the use of its building and for the very complete arrangements for the care and comfort of delegates while in the city; to the people of the Third Presbyterian church for the use of a part of their church building; to the manager of the Kimball piano and organ company, of Fort Wayne, for placing the piano and organ at our disposal; to Mr. Bowser for the use of and operation of his stereopticon in the illumination of hymns; to the local furniture firms for the use of furniture, and to the public press of the city for favors shown.

"Resolved, That we owe and express our thanks to Messrs. Bigelow & Main, of New York city, N. Y., publishers, for the use of singing books.

"Resolved, That we heartily thank Mr. C. B. Willis, of Milwaukee, Wis., the members of the Indiana male quartet, the cornetists, and others, for their valuable services in connection with the musical program, and to Mr. Harleigh, of Rochester, N. Y., for cornet solos rendered.

Resolved, That it has given us great pleasure to welcome at this conference as representatives of the Railway Mission of England Mr. R. Nixon, Thomas Ridley and Mrs. Larimor, and we desire to send by them a cordial greeting to the Railway Mission and a hearty invitation to send delegates to our next conference.

Resolved, That we fully appreciate the great favors shown by the railroad companies in furnishing free transportation to delegates, and by the Pullman Palace Car company and the Wagner company in granting special rates, and are under great obligations to them for the same.

"Resolved, That we thank the hotels, restaurants and boarding houses of the city for reduced rates to delegates.

"Resolved, That this conference requests the international committee to consider the question of undertaking Christian work among railroad men in foreign countries, and that we express the hope that such work may be begun, providing special funds for this purpose are secured.

"Resolved, That we duly appreciate the hearty and kind hospitality of the people of Fort Wayne shown to the delegates while we have been in your city, and that we shall always have a warm place in our hearts toward them on account of the pleasant time spent with them.

NOT A BUSINESS SESSION.

The election of officers of the conference and other matters of that kind does not come up at the conferences but at regular conventions held every two years. The railroad department of the Y. M. C. A. work is but one of three branches under the jurisdiction of the International organization. These branches are the railroad, the college and the city departments. The business convention will be held next May, when officers will be elected, committees appointed and regular business of the organization transacted.

PREACHED THE WORD

Miss Downey's Meetings at Berry Street M. E. Church.

"Endowment of Power" Her Theme Last Evening—Great Interest Manifested—Meeting This Evening.

The interest manifested at the Berry Street M. E. church, yesterday morning and evening, was remarkable. Miss Downey preached in the morning on the "Endowment of Power." Acts 1.8. The effect upon the congregations was marvellous; it seemed that the entire congregation seemed to be in the spirit of work. At the morning service, there were 150 people on their knees seeking the endowment of power from on high. Three persons went to the altar at the first service. Miss Downey is a preacher of great power. She speaks with her voice and with her face and with her gestures. The evening service was one of equally great power. The large auditorium was filled with anxious listeners, waiting to hear the gospel of Jesus Christ. Nor were they disappointed.

Miss Downey's sermon on "Miniature Gods" was a most vivid description of the possibilities of man, for advancement in the divine life or for degradation in sin. Her text was in the eighth psalm and the fifth verse, "For thou hath made him but little lower than God."

She pictured the fact that God had created man in his own image, and had endowed man with all the faculties that he had in miniature. Man has reason, judgment, memory and those other faculties of mind. And yet all that man has accomplished has been done by a "babe less than one hundred years old." But wait until he has been in the presence of God for ten million ages and has gone on developing his faculties. Who can tell his wonderful possibilities?

A profound spirit of worship was manifested at every service, and four souls were saved at the initial service. The subject for this evening will be "The Demands for Pentecost." The service will begin at 7:30 and a short service of song will precede the sermon.

IS IT A TRIFLE?

That Common Trouble, Acid Dyspepsia or Sour Stomach.

Now Recognized as a Cause of Serious Disease.

Acid dyspepsia, commonly called heartburn or sour stomach, is a form of indigestion resulting from fermentation of the food. The stomach being too weak to promptly digest it, the food remains until fermentation begins, filling the stomach with gas and a bitter, sour, burning taste in the mouth is often present. This condition soon becomes chronic and being an every day occurrence is given but little attention. Because dyspepsia is not immediately fatal, many people do nothing for the trouble.

Within a recent period a remedy has been discovered prepared solely to cure dyspepsia and stomach troubles. It is known as Stuart's Dyspepsia Tablets, and is now becoming rapidly used and prescribed as a radical cure for every form of dyspepsia.

Stuart's Dyspepsia Tablets have been placed before the public and are sold by druggists everywhere at 50 cents per package. It is prepared by the Stuart Chemical Co., Marshall, Mich., and while it promptly and effectually restores a vigorous digestion, at the same time is perfectly harmless and will not injure the most delicate stomach, but on the contrary by giving perfect digestion strengthens the stomach, improves the appetite and makes life worth living.

FILLED WITH PUPILS.

All the School Rooms in the Lakeside Building are Now Occupied.

People will be surprised probably to know that all the school rooms in the Lakeside building are in use. When the building was erected three years ago there was much comment that the trustees should spend so much money on a building in Lakeside. At that time it was understood that the commissioners would build a bridge across the St. Joe river so that school children on Spy Run avenue and cross streets could attend the Lakeside school. But the commissioners did not build this bridge. Nevertheless, so rapid was the growth of the Lakeside school district that today every room in the building is being used and is comfortably filled with pupils. The judgment of the school trustees in building the large building has been vindicated.

C. H. Weatherhogg is drawing plans for a large barn to be built on the premises of J. F. Scholl, in Lakeside. It will be a handsome structure and will have accommodations for eight horses belonging to the Scholl Loan and Investment company.

CHANGES MADE.

Y. W. C. A. to Open Its Work Under New Conditions.

Will Occupy Less Rooms but Privileges are Not Curtailed—Some of the Departments.

The Y. W. C. A. announces that it will open its work October 29. This is a little later than usual, owing to some changes having been made in the work. Instead of occupying the whole building on West Berry street, as heretofore, the rooming department has been discontinued and part of the house let.

This step was made necessary because the income was not sufficient to carry on this branch of the work without going into debt. The association does not intend to incur any indebtedness this year and to this end will reduce the expense of the work in every way possible.

This will not curtail its usefulness, but enable it to put effort in more beneficial lines requiring less outlay of money. The association believes it has the approval not only of its friends, but also the public in adopting this financial basis for the future, and having already received encouragement, it feels sure that many more will be glad to help along in this effort.

The Noon Rest is a prominent feature of the work and will continue to serve meals to women. The number of out-of-town visitors has increased and the quality and price of meals attracts many in our own city.

The educational department offers exceptional inducements this year as a membership privilege. Last year Saturday night was devoted to chorus work, this year a special course has been arranged, including not only music, but also American literature, Bible study and games. Miss Jessie Montgomery, principal of the city training school, will teach the literature class, and Miss Mary Lincoln, formerly supervisor of music in the Decatur schools, will conduct the ladies' chorus. Classes in French, German, United States history, arithmetic and instrumental music will be taught by Miss Margaret Smith, Miss Louise Wolff, Miss Vera Morgan, Miss Mary Christie and Miss Hedwig Schrey respectively. Other classes will be formed if five applications are made.

The physical department this year offers a free membership to any one bringing in five new members for the gymnasium. The first term will begin October 29. Classes for boys, ladies, young women and girls will be organized under the direction of Miss Parmele. Enthusiasm already displayed shows the value of the work.

The Bible study continued throughout the summer and classes are open to visitors and new members at any time.

The new committees are beginning their work and the general secretary, Miss Parmele, will be glad to receive a call from anyone interested in the association.

NO PERMIT FOR DR. MURPHY.

Cleveland Hospital Surgeon Refuses Him Use of Amphitheater for Clinic.

CLEVELAND, Oct. 24.—The medical profession in Cleveland is highly wrought up by the refusal of Dr. Dudley P. Allen to permit the use of the amphitheater at Lakeside hospital for a clinic to be given publicly next Saturday morning by Dr. John B. Murphy, the Chicago surgeon, under the auspices of the Cleveland Medical society.

The medical society has arranged for a lecture by Dr. Murphy for next Friday night, to be followed by a surgical clinic on the next morning.

Dr. A. F. House, the president of the medical society, telephoned to Dr. Allen and asked to allow the clinic at Lakeside. The chief surgeon at Lakeside at once responded no, most emphatically. Allen puts it on the ground that he is personally responsible for his patients and will not turn them over for a public clinic to a man he has never seen operate.

Other doctors are indignant, saying that Murphy is perhaps the greatest surgeon in the world and that Allen's position is unwarranted. Dr. House says he did not ask Allen for the material, but only for the hospital. Arrangements to have the clinic at St. Vincent's hospital have been perfected.

SLAIN BEFORE THE CAMERA.

Young Man at Omaha Kills His Sweetheart and Himself.

OMAHA, Neb., Oct. 24.—A lovers' quarrel ended in murder and suicide in the parlors of a down-town photographer at noon yesterday. John Melchert blew out the brains of Lillian Morris and then his own. They were standing before the camera at the time preparing to have their pictures taken. She desired to have their attitude one indicative of love when the picture was made and was posing with her arms around her lover's neck when he suddenly drew a pistol and slew her.

Melchert resided with his parents at 1330 West Madison street, Chicago. He has been in Omaha as an expert photographer at the exposition. Miss Morris was a saleswoman and resided with her parents. The two had been lovers for four months, and owing to his insane jealously had had frequent quarrels.

FIND DIES AND BAD MONEY.

Counterfeiters' Material Discovered Under a Bridge Over the Panhandle.

CROWN POINT, Ind., Oct. 24.—Boys playing beneath a bridge which crosses the Panhandle railway found a number of newly counterfeited dollars, together with dies and other instruments for the coining of money. The northern part of Indiana has been flooded of late with counterfeit money and it is believed by secret service officers that the counterfeiters are located in this neighborhood.

SCARCITY OF APPLES.

Crop Millions of Bushels Short and a Total Failure in Some Sections.

CHICAGO, Oct. 24.—The Orange Judd Farmer tomorrow will say:

"The apple crop of the United States is smaller than it has been since reliable statistics have been collected. The total supply from the 1898 crop of the United States is 27,700,000 bushels compared with something over 40,000,000 last year and 70,000,000 in the record breaking crop of 1896. The failure is widespread, reaching from the Pacific coast to Maine and in none of the states does the output of fruit approach an average. In the great apple states of the west the crop is almost an absolute failure, though the situation in Michigan is better than elsewhere, having about two-thirds of the bumper crop of 1896.

"New York has only one-fifth of a full crop. The failure is attributed to the fact that during the blooming season there was excessive rain fall which washed out the polen and prevented proper fertilization by insects, while a cold wave added to the injury, and subsequent moist humid weather was favorable to the development of fungous diseases.

"The Ontario crop is decidedly short. The crop of Europe is reported below the normal."

PUMPKIN PRIZES.

Samuel Brunkhart Carries Off First Honors at the Indiana Furniture Co.

The pumpkin contest at the store of the Indiana Furniture company was decided last Saturday evening. There were pumpkins of all sorts and sizes waiting for prizes. All the pumpkins were weighed, and the result was that Mr. Samuel Brunkhart was given first prize and declared the king of pumpkin raisers. His pumpkin weighed 160 pounds, and was a magnificent specimen. The full list of prize winners follow:

First Prize—Samuel Brunkhart, Harlan, solid oak bed room suit, valued at $25.00; pumpkin, 160 pounds.

Second Prize—J. C. Gaff, Merriam Postoffice, 135 pounds.

Third Prize—William Sappington, Harlan, 129 pounds.

Fourth Prize—David H. Trainor, Roanoke, 122½ pounds.

Fifth Prize—Albert Sites, Aboite, 119½ pounds.

Sixth Prize—Samuel Fulkeson, Wallen, 115 pounds.

Seventh Prize—Mrs. Mary Keough, Fort Wayne, 109 pounds.

Eighth Prize—Herman Trier, Fort Wayne, 106½ pounds.

Ninth Prize—Henry Burgesse, Fort Wayne, 98 pounds.

Tenth Prize—Julian Provel, New Haven, 94 pounds.

There were seventy-five pumpkins entered in the contest.

BEN HUR ENTERTAINMENT.

Spectacular Pantomime to Be Given Under the Auspices of Fort Wayne Ladies.

During the past four years the spectacular pantomime of "Ben Hur" has been successfully presented under the auspices of charitable and benevolent associations, in over 150 of the leading cities of the United States and Canada, and has been pronounced everywhere to be the purest, most chaste and beautiful entertainment ever given.

That this entertainment is to be seen in this city is reason for congratulation. The ladies of the Trinity Episcopal church have arranged for the production at the Masonic temple on the evenings of November 4th and 5th and a matinee performance. Owing to the popularity of this presentation of General Lew Wallace's oriental story, the Temple will no doubt be crowded at all performances. The fact that Fort Wayne ladies are causing the production [illegible] and the further consideration that [illegible] is to be given by home talent is sufficient to make it deserving of patronage.

The World's Telegraph System.

The total length of the world's telegraph system is [illegible], not counting the 190,[illegible] miles of submarine cables. [illegible] All in one continuous line it would wrap around the equator about 188 times. The moon [illegible] could be connected by twenty lines with enough to spare to connect every country on the earth. These lines are distributed as follows: Europe, 1,164,790 miles; Asia, 310,085 miles; Africa, 39,419 miles; Australia, 217,178 miles; America, 2,516,548 miles. Europe in 1860 had only 70,000 miles of telegraphs.

"Our Nation in War."

Harnessing Snoqualmie Falls.

The beautiful Snoqualmie falls in the state of Washington are to be harnessed to the car of utility. The falls are thirty-one miles distant from Seattle and forty-five miles from Tacoma, but the waters are to be utilized for supplying those cities with power. A novelty in the transmission of the electric currents will be the use of aluminium instead of copper wire, with a voltage as high as 25,000.

Joint Traffic Association is Declared Illegal.

It is a Violation of the Anti-Trust Law.

Federal Supreme Court Decides It Must Go.

Most Important Decision of Recent Years — Five Concurred, Three Dissented and One Took no Part.

WASHINGTON, D. C., Oct. 24.—The United States supreme court today decided the Joint Traffic association railroad case in favor of the United States and against the railroads. The case is considered one of the most important that has ever came before the supreme court, not only to the railroads, but to the general public and because of the vast railway properties represented by the traffic association.

The association was formed on November, 1895, by thirty-one railways representing the great trunk lines and their net work of branches. The purpose of the association as stated in the articles of agreement was "to establish and maintain reasonable and just rates, fares and rules and regulations on state and inter-state traffic."

A similar association on a smaller scale was established among southwestern roads, known as the Trans-Missouri association.

These associations were soon attacked in the courts on the ground that they were in violation of the Sherman anti-trust law and also of the inter-commerce laws. The Trans-Missouri first reached the United States supreme court, where in an opinion the court held that the association was illegal, being in effect a combination in restraint of trade and commerce, and, therefore violative of the anti-trust law. This opinion was by a divided bench, the division being very close, viz: Chief Justice Fuller and Justices Harlan, Brewer, Brown and Peckham holding the traffic association illegal, while Justices Field, Gray, Shiras and White, filed a dissenting opinion upholding the association.

Soon after this decision Justice Field gave place to Justice McKenna. Although the Missouri case was considered somewhat of a test, yet the Joint Traffic association prepared to make a stubborn contest in support of its existence. The case against it was begun on January 7, 1896, in the United States circuit court for the southern district of New York, the United States being complainant and the attorney general directing its course.

The case went against the government in the lower courts, the circuit court dismissing the bill and the court of appeals affirming the dismissal.

The government then proceeded to the United States supreme court. An exceptionally brilliant array of counsel appeared for the association and the several railroads, including ex-Senator Edmunds, James C. Carter and E. J. Phelps. Solicitor General Richards filed the brief for the government. The main contention of the government was that the traffic agreement is a combination to prevent competition, thus constituting a contract in restraint of trade or commerce. The answer of the association maintained the legality of the agreement on the ground that the vast needs of commerce required the action and that such action insures uniform and just rates and prevents unjust discriminations.

Justice Peckham announced the decision. He said that the court could distinguish no difference between this case and that of the Trans-Missouri case decided a year ago, which was decided against the railroads. He said the only new point involved was as to the constitutionality of the anti-trust act. The court had reached the conclusion that if railroad corporations performed duties of a semi-public character it was within the constitutional power of congress to regulate them as provided by the anti trust act. The only question, therefore, was to the policy of congress in adopting such a measure, and as to the question of policy the court, he said, had nothing to do.

The opinion, which was very brief, was concurred in by Chief Justice Fuller and Justices Harlan, Brewer, Brown and Peckham. Three justices dissented, namely: Justices Gray, Shiras and White. Justice McKenna took no part in the case, as when the prosecution of the Joint Traffic association was begun he was attorney general.

After Justice Peckham had announced the opinion of Justice Harlan verbally expressed with some evidence of satisfaction his concurrence, on the same ground he said as that forth in the trans-Missouri case.

Under the decision today, the decisions of the United States circuit court for the southern district of New York and of the United States court of appeals, both of which were favorable to the Joint Traffic association, are reversed.

OBJECT TO THREE ENGINE TRAINS.

COLORADO SPRINGS, Oct. 24.—No freight trains are running on the eastern division of the Colorado Midland railroad, in consequence of a strike. The trouble originated when a crew was called upon to take out a three engine train. The men claimed that the company made an agreement some time ago not to run three engine trains and no crew would respond to the call. It is believed in railroad circles that the trouble will be quickly adjusted. If not a general strike of the freight crews may be declared. The strike now involves about fifty men. The passenger business has not been affected.

WABASH SHOPMAN HURT.

Ernest H. Koehn, an employe of the Wabash shops, had one of his legs caught between two engines which were being shifted from the main track to the shop tracks, Saturday and was severely pinched and lacerated. Luckily no bones were broken, but the limb was bruised and cut so badly that it will disable the unfortunate man several weeks. Mr. Koehn resides in New Haven, but while here boards with his sister at 166 Taylor street, where he was taken after the accident. Dr. W. H. Myers attended him.

General and Local Gossip.

Wabash Engineer H. W. Van Osdale, of Peru, was in the city over Sunday.

Pittsburg Engineer Joseph Stewart and Fireman W. A. Galentine are off duty on account of sickness.

Tom Hibbins went to Van Wert this morning to put the Pennsylvania depot in shape for the winter.

Lafe Truman, an engineer on the Chicago & Erie road, spent the past three or four days with friends in this city.

George T. Ladd arrived in the city last night. He comes here to take a position with the Bass Foundry and Machine company.

H. C. Greuneman, general foreman of the Wabash shops at Springfield, returned to that city after a visit here with friends.

E. Elx, a blacksmith at the Bass shops, is on the sick list. J. Jones, of the same department, is on duty again after a few days' illness.

Charles Green will leave this evening for Veldersburg, Ind., where he will superintend the work of putting in an electric light plant.

Henry Minnaker, of the Pittsburg boiler shop, was fishing at Liverpool last Saturday and succeeded in securing a large basketfull of fine fish.

R. M. Cox, who was recently appointed superintendent of transportation of the Texas Central, was formerly connected with the Wabash.

Theodore Kucher, assistant master mechanic of the Pennsylvania shops at Allegheny, was the guest of his mother and brothers over Sunday.

The electric works sent a 3,000-light dynamo to Fremont, Neb., this morning. A millwright will leave in a day or two to set the machine up.

Wabash engine No. 431, while hauling a freight train yesterday, broke a driver axle. Luckily the connections held and no other damage resulted.

Assistant Foreman Wm. Webre, of the Pittsburg planing mills, has returned from Columbia City, where he spent several days hunting and fishing.

William Hamilton, who was married last week, resumed his duties at the Bass blacksmith shop this morning. His appearance at the shop was the signal for the "anvil chorus."

J. D. Harris, who has been engaged for several weeks in inspecting new car work for the Pennsylvania company at Pittsburg, spent Sunday here. He will probably return east tonight.

Frank Stenger, Frank Opaiz and Thomas Pauley resumed their work in the Pittsburg blacksmith shop this morning. The former had a finger mashed about a month ago and the other two gentlemen were sick.

George Swart, a former resident of this city, is again an employe of the Wabash, having taken a position in the company's shops at Peru. For several years he has been employed in the Erie shops at Huntington.

Pennsylvania train No 8 had thirty berths reserved for delegates to the international conference of the R. R. Y. M. C. A., which closed its session her yesterday. Fifteen berths were also reserved for Cincinnati and five for Grand Rapids.

The official report shows that in August last the Maine Central hauled over its line 1,332 Pullman cars, carrying 19,466 passengers, or 628 people per day. This is what is called by the officials of the road the vacation month, which accounts for such heavy travel.

The authorities of the Lake Erie and Western, the Wabash and the Big Four roads have finally come to an understanding as to an interlocking switch at the junction, south of Lafayette, and the work of constructing the same will probably be commenced this week.

The Huntington News-Democrat last Saturday contained the following item: "Electric lines are now the prevailing fad, and the fact that another new one is being promoted need not cause, any undue alarm. This new line starts from Alexandria, runs to Gaston, in Delaware county, and then switches up to Hartford City. From Hartford City the line will run parallel with the L. E. & W. road to Fort Wayne, the northern terminus, taking in Montpelier and Bluffton. The object of the road is to establish a direct line from Fort Wayne to Indianapolis."

A notice was this morning posted in the Pittsburg planing mills and in the shop where small car supplies are made to the effect that the men therein employed, about 125, would work twelve hours per day until further notice. This puts all the departments of the works on over-time except the east shops.

Captain H. Stoll, of the Pennsylvania police department, sent Melvin Tanner to Convoy, Ohio, this morning. This is the man who had several teeth knocked out and his hands bruised and lacerated Saturday night by jumping from a freight train at the east yards. Dr. Stemen was called to dress Tanner's wounds.

The twenty branch lines of the Santa Fe are to lose their identity as separate corporations December 8, when they will be incorporated under the title of the Atchison, Topeka and Santa Fe railway. As far as possible the different lines will be purchased and where that is impossible they will be conveyed to the company by lease.

George Engelman, grandson of the late Miami chief, Francis Lafontaine, and great grandson of Chief John B. Richardville, was killed by an Erie freight train while stealing a ride between Palmer station and Rochester. His home was at Huntington. He had been at Chicago trying to find work, had failed and was homeward bound.

George Gould is about to assist in establishing a number of Railroad Y. M. C. A. headquarters at the division terminals on the Missouri Pacific and Iron Mountain systems of railroads. The work was recently planned by Mr. Gould, assisted by one of the international secretaries of the Y. M. C. A., and has been approved by the national conference which closed its session here yesterday.

The wreck on the Wabash at Lafayette, briefly referred to last Saturday, was more serious than reported. Two cars loaded with cattle, bound for Logansport, two cars loaded with coal and a car loaded with merchandise were involved in the wreck and were badly broken. Six cattle were killed and those which survived the wreck made their escape and wandered away. They were captured after considerable difficulty. Coal and merchandise of every kind were scattered in every direction and the wreck presented a destructive appearance. Wrecking crews were ordered out at once and the track was cleared as soon as possible. Some of the cars were so badly broken that the fragments were burned. None of the employes of the road were injured.

MORALS AND HEALTH.

BOTH WILL BE DISCUSSED BY THE NATIONAL COUNCIL OF WOMEN.

The Coming Session at Omaha Promises to Be a Most Interesting One. Sketch of the President of the Organization.

[Copyright, 1898, by American Press Association.]

The annual executive session of the National Council of the Women of the United States is to be held at Omaha from Oct. 24 to the 29th inclusive. The meeting will be under the auspices of the women's department of the Trans-mississippi and International exposition and will be largely attended by prominent representatives of women's organizations throughout the country.

This council is the largest organization of women in the United States, probably in the world, it being a federation of many societies of women, each of which is devoted to some particular phase of work in behalf of charity, reform, education or religion.

Matters of the utmost importance are to be considered at this session, and women of national reputation will take part in the discussion. One of the subjects to be debated will be an amendment to the constitution of the International Council of Women, to be recommended by the National Council, the object of which shall be to secure more direct representation of the work and interests of the separate organizations which belong to the National and International Councils. A second has in view the project of forming a standing committee to consider the best method of caring for dependent children. Addresses on subjects dealing with public morals and public health will also be made.

MRS. MAY WRIGHT SEWALL.

The officers of the National Council are: Mrs. May Wright Sewall, president; the Rev. Anna Howard Shaw, vice president; Mrs. Louise Barnum Robbins, corresponding secretary; Frances Stewart Mosher, first recording secretary; Helen Finlay Bristol, second recording secretary, and Hannah J. Bailey, treasurer.

Mrs. Sewall, the president of the National Council, is a woman of conspicuous ability and force of character, and has a genius for organization. She was born in Milwaukee, and her father gave her every possible advantage of securing a good education. She was graduated at the Northwestern university of Evanston, Ills., in 1867. She taught schools afterward in Michigan, and was soon made principal of the high school in Plainwell. She became later the principal of the high school in Franklin, Ind., and a teacher of English and German in the high school of Indianapolis. This position she resigned in 1880, upon her marriage with Theodore L. Sewall, principal of a private school for boys in that city. In 1882 Mr. and Mrs. Sewall opened a private school for girls, known as the Girls' Classical school, which soon became highly successful and widely known.

She was for a time an editorial writer for the Indianapolis Times and The Journal, besides doing much literary work for various societies. Mrs. Sewall was one of the promoters of the international council of women, held in Washington in 1888, and to her may be credited the idea of making the council permanent. She was a delegate to the international congress at Paris in 1889, and in 1892 visited all the leading countries of Europe with the purpose of inducing women to send delegates to the international congress of women at Chicago the following year.

Mrs. Sewall was one of the committee that formulated the plan for the General Federation of Women's Clubs. She is a member of the Association For the Advancement of Women, an honorary member of the Union Internationale des Sciences et des Arts of Paris, a member of the American Historical association, of Sorosis and of many other organizations.

She is possessed of great oratorical power, and perhaps shows to best advantage as an extemporaneous speaker. She has the happy faculty of being able to "think on her feet" and express herself clearly and convincingly without any previous preparation. This ability presupposes a well stored mind, the ample resources of which she has completely at command.

Mrs. Sewall has advanced ideas and high aspirations as to the destiny of her sex. It is a favorite theory of hers that the "American woman" has not yet come, but when she does that she will incarnate the best and the fittest which she thinks must be the survival of all the races.

The National Council of Women of the United States was organized in 1888 and incorporated in 1891. In addition to the annual meetings the organization meets triennially, usually in Washington. The rule now at such triennial meetings is that the National Council shall consist of two parts, called respectively upper council and lower council, establishing a species of analogy between the mode of conducting business and our national legislation.

ELIZABETH LYON.

Wood-Carrier for the Men Folks.

A common shorts bag, with a rope of the right length, its two ends fastened to the upper corners of the bag, makes a good wood-carrier when the kitchen box has to be filled. The rope is slipped over the shoulders, or over one and under the other arm, then the other end of the bag is held up apron-wise and the wood piled in. A huge armful of wood can be carried easily in this way.

A Great Clothing Trade!

That is what we are having this fall, in spite of the unfavorable weather. It takes a large stock to do the business we are doing, both in Men's and Boys' goods. There are reasons for our success in the clothing business. We own our goods right. We buy good materials, have them made up by people who understand their work, and sell them at prices the masses can afford to pay. People want new goods, especially in clothing. Our store is full of the newest, choicest goods. In fine goods we need only to show our Serge and Fancy Worsted Suits and Covert Overcoats to observing buyers to effect a sale. Our Covert Coat at $16.50 can't be matched at $20.00.

Men's Underwear.

Our shelves are fairly groaning under the weight of good things in this part of our store. We are sole agents for Staley's celebrated underwear and overshirts and show their whole line. They are the best in the world. We also show exceptional values in cheaper grades. Fleece lined goods at $1.00 a suit. Staley's goods at $2.00 to $5.00 a suit.

Next week a lot of special bargains in Children's Suits.

Next Sunday evening Rev. L. L. Henson will have a special service for railroad men. Rev. Henson says that the railroad conference has done a great deal of good for railroad men, and he don't know of any better work for the pastors of the city than that of keeping things moving. An invitation is extended to all railroad men who are not members of other churches, and to all visitors in the city on the Lord's day.

RAIN! RAIN!!

Rain Every Day Last Week.

Wasn't a Very Good Week for Trade

And Yet the Sales of the Foster Furniture Co. Showed a Gain Over Last Year of 42 Per Cent.

In spite of the weather our sales of last week showed a remarkable increase over the same week last year. The gain was forty-two per cent. Any person disposed to doubt either this statement or any that may follow as to the increase in our sales for the present year, is invited to call at our store and examine our books and carry home our check for $500, if said statements are not found correct.

The great cut we have made in profits, combined with the greater elegance of our stock as compared with former years, is giving us a wonderful business.

U. S. DENTAL PARLORS,
What you pay for dental service is no sure indication of what it is worth, unless you pay enough to secure the best. The best work does not necessarily mean the highest prices, but the lowest prices certainly cannot mean the best work. Quality alone measures the value of the service you secure—and none is worthy but the best. The best work is our aim—and our record—the fairest charges—our idea.
